

# ANNUAL DONOR REPORT

2010-2011

# ANNUAL DONOR REPORT

## 2010-2011

During Fiscal Year '11, Stetson received 7,094 gifts ranging from \$.50 to \$420,000. Added together, they totaled \$6,368,886.26. These gifts were made to scholarships, specific departments and individual programs. Thanks to this generous support, students from across campus benefitted in a significant way.

Some think that a small gift doesn't really make an impact. You can see, however, that gifts of all sizes combine and they really do make a difference!

Publishing this Honor Roll of Donors provides the university with an opportunity to demonstrate the importance of every donor and show appreciation for their generosity.

The special recognition symbols that appear in the listing are:

<i>italics</i>	Donors who have made a gift in any amount for 10 + consecutive years.
*	Members of the Stetson Society – individuals who have included the university in their estate plan or established permanent, endowment funds during their lifetime.
#	Individuals who made a gift during our last fiscal year, but who are now deceased.
<b>bold</b>	Challengers who contribute a minimum of \$25,000 annually for four years or longer to support the Challenge Gift Scholarship Program.

Thank you, donors, for supporting Stetson students as they prepare for lives of significance and meaning!

# Honor Roll of Donors Listing

Dearest Donors,

I wanted to take a moment to express my deepest gratitude on behalf of the whole student body for your support this past year. Your contributions have enabled many students to attend Stetson and pursue all of the amazing opportunities that an education here provides. Not only does your generosity extend directly to students, but it also greatly benefits specific programs and departments that make Stetson unique. As a private university, Stetson relies on the kindness of its alumni, parents and friends.

Alumni who can give any amount are counted as donors and this helps to increase Stetson's national rankings and the value of a Stetson diploma for all.

In an effort to educate students on all aspects of life and produce well-rounded and significant individuals, this year there is a new emphasis on teaching the importance of giving back. The Phil the Pig initiative is a fun and informative new project that encourages students to fill up piggy banks and there will be multiple collection days throughout the year. It really helps to reinforce the point that gifts of all sizes really do make a difference.

On behalf of the whole Student Body thank you for all that you do!

Sincerely,

Aimee Bushway  
President of the Student Government Association

# CORPORATE PARTNERS

The Corporate Partners Program at Stetson University increases donor visibility on campus, online, and in publications. In addition to joining other high-profile names in the Corporate Partners Program, donors gain the satisfaction that comes from making a high-quality education possible for students. Corporate Partners receive invitations to special Stetson events and public recognition for generous support of \$1,000 or more. For more information, visit <http://www.stetson.edu/administration/grants/beta-corporations-partners.php>.

Starling Chevrolet Cadillac

# CORPORATE, FOUNDATION, AND GOVERNMENT DONORS

Every student experience at Stetson University benefits from the philanthropy of corporate, foundation, and government giving. Donor benevolence provides essential scholarships, improves facilities, and enhances academic and co-curricular activities. Stetson is grateful to the following corporations, foundations, and government agencies for supporting the University's priorities and helping students complete their education and move from success to significance.

A critical component of philanthropy – matching gift companies – are also recognized in this listing. You can see if your employer has a matching gift program by going to <http://www.stetson.edu/administration/grants/beta-matching.php>.
