Elizabeth Hall, Room 319  
MW: 12:00pm-1:15pm

Course Description
The primary goal of this course is to explore the context, processes, institutions, and structures of political life in the United States. While politics is not the most interesting of topics to many people, we are all influenced by political decisions everyday of our lives. Additionally, the theory of American democracy rests upon the notion of an active citizenry, in which knowledgeable and engaged citizens attempt to influence governmental outputs through their elected representatives. Therefore, a firm grasp of how and why our political system works the way it does (or does not work in some cases) is vital to our understanding of how politics affects the lives of American citizens, and how we as citizens (can) affect governmental outputs. Obviously, we cannot cover every topic relating to the American political system in great detail; however, if I do my job as instructor, and you do yours as student, we should all come away from this course with a general, yet firm, understanding of how our political system works and how it affects our lives. What we do with this knowledge is up to us.

Required Reading:

This course will use Blackboard as a course foundation. I will communicate with you via Blackboard and thus you must check the page everyday. All written assignments are to be submitted through the course website. Hard copies will not be accepted.

Strategy
The course will consist mainly of lectures (accompanied by discussion) taken from the assigned readings. However, much of the lectures will also consist of material not covered in the readings, so class attendance is essential for an understanding of the material presented, as well as good performance on in class examinations. **PLEASE DO THE READINGS BEFORE COMING TO CLASS**, a discussion with only one participant is boring!!

Class Attendance
Attendance is required and will be monitored by the professor.(Please see class participation below)
Absences from examinations and late journals will be excused only if the student provides verifiable documentation of accident, illness, or a university legal obligation. Undocumented absences or late journals will result in a score of zero.

Incompletes
No student will be given an incomplete in the course without a verifiable accident, illness, or severe family emergency. If at all possible, these situations must be discussed with the professor prior to the end of the semester, in order for an incomplete to be given.

Extra Credit
There will be no extra credit awarded to any student for any reason. Please don’t ask.

Exams
There will be two exams in the course. The first exam (25%) will cover material from the first four reading sections. The final exam (30%) will be cumulative and therefore cover material from the entire course. Both exams will be in essay format.

Written Assignments
Twenty percent of your final grade will be comprised of two critical analysis papers. The assignment will be given out by the instructor. The first assignment will be based on material prior to the midterm, and the second assignment will be based on material following the midterm.

MicroCase Workbook Assignments
Fifteen percent of your final grade will be based on weekly assignments from your MicroCase Explorit workbook. In these exercises you will use quantitative data to explore questions related to the current topic of study.

Group Exercises
Five percent of your final grade will be based on group exercises. In the first week of class, I will assign each of you to a permanent group. In the first class period of each reading section, you will meet in groups and work to answer study questions from the current chapter of the main textbook.

Class Participation
Five percent of your final grade will be classroom participation. Attendance is required. Absences from class and examinations will be excused only if the student provides verifiable documentation of accident, illness, or a university or legal obligation. For each reading a required quiz will be posted on Blackboard. The grades from these quizzes will comprise a major portion of your class participation score. Non-participation in these quizzes will result in a failing grade for class participation. Undocumented absences from examinations will result in a score of zero.

Grading Scale
A 93-100  C 73-76
Grades represent the instructor’s final estimate of the student’s performance in a course. The grade of A (+ or -) may be interpreted to mean that the instructor recognizes exceptional capacity and exceptional performance. The grade of B (+ or -) signifies that the student has gained a significantly more effective command of material than is generally expected in the course. The grade of C or C+ is the instructor’s certification that the student has demonstrated the required mastery of the material. A student is graded C- or D (+ or -) when his/her grasp of the course essentials is minimal. The F grade indicates failure to master the essentials and the necessity for repeating the course before credit may be earned. I = incomplete. This is the grade given when a student cannot complete the work of the course because of illness or other extenuating conditions, and the instructor’s academic Dean has approved an extension of time for the completion of a course. The work of the course must be completed two weeks prior to the last day of classes in the next academic session of enrollment (excluding summer term); but in all cases, except graduate thesis courses, it must be removed within 24 months from the date issued regardless of enrollment status; otherwise the I becomes an F. An I grade cannot be removed by repeating the course.

Academic Integrity
As members of an academic community, we are jointly responsible for maintaining intellectual and academic honesty. I expect that all work submitted for this course is your own, that contributions from others are clearly acknowledged, and that unauthorized assistance on exams or papers has been neither given nor received. Stetson’s honor pledge applies to all work done in this course. To indicate your commitment to academic integrity, I ask that you write the word “PLEDGED” with your initials or signature on each classroom test and quiz as well as major essays.

As a member of Stetson University, I agree to uphold the highest standards of integrity in my academic work. I promise that I will neither give nor receive unauthorized aid of any kind on my tests, papers, and assignments. When using the ideas, thoughts, or words of another in my work, I will always provide clear acknowledgement of the individuals and sources on which I am relying. I will avoid using fraudulent, falsified, or fabricated evidence and/or material. I will refrain from resubmitting without authorization work for one class that was obtained from work previously submitted for academic credit in another class. I will not destroy, steal, or make inaccessible any academic resource material. By my actions and my example, I will strive to promote the ideals of honesty, responsibility, trust, fairness, and respect that are at the heart of Stetson’s Honor System.

Special Needs
If a student anticipates barriers related to the format or requirements of a course, she or he should meet with the course instructor to discuss ways to ensure full participation. If disability-related accommodations are necessary, please register with the Academic Success Center (822-7127; www.stetson.edu/asc) and notify the course instructor of your eligibility for reasonable accommodations. The student, course instructor, and the Academic Success Center will plan how best to coordinate accommodations.

The ASC also coordinates free tutoring on campus for students. You can meet with a tutor to review
principles, learn content-specific study strategies, and enhance content area knowledge. To review the tutoring options available and schedules, please see our website http://www.stetson.edu/asc/tutoringschedule.php

Office Hours
Please take advantage of my office hours. They are strictly for the purpose of helping you understand the material presented in the class. If you can’t meet me during office hours I will be glad to set up an appointment so we can meet at a time when both of our schedules allow it. You can also contact me anytime through e-mail to ask a question or to set up an appointment if you have a problem meeting during my scheduled hours.

Technology
The use of cell phones for any purpose is prohibited in class. Please put your phone away prior to the start of class. If you are seen using your phone (texting, email, internet, etc.) you will be asked to leave the classroom for the remainder of the class. If you would like to use a laptop to take notes you may certainly do that. If you do choose to use a laptop you must sit in the front row. If you are seen using your laptop for anything other than classroom purposes you will be asked to leave the classroom for the remainder of class and prohibited from bringing your computer to class for the remainder of the semester.

Readings
1. (August 25-Sept 3) Introduction
   Government in America, Chapter 1
   MyPoliSciLab: Video: The Big Picture
   Microcase: ExplorIt: Chapter 1
   Enduring Debate, Chapter 1 (Warshawsky and Elazar)
2. (Sept 8-15) Framing the Constitution
   Government in America, Chapter 2
   Federalist Papers, Numbers 10 and 51
   Roche*
   Dahl*
3. (September 17-22) Federalism
   Government in America, Chapter 3
   MicroCase Explorit: Chapter 2
   Madison*
   Rauch*
   Kettl*
4. (September 24-29) Civil Liberties
   Government in America, Chapter 4
   MicroCase Explorit: Chapter 4
   Enduring Debate, Chapter 4
5. (October 1-6) Public Opinion and Political Participation
   Government in America, Chapter 6
   MicroCase Explorit: Chapter 6
   Asher*
   Putnam and Campbell*
   Schudson*

Midterm Exam: October 8

6. (October 13-15) Political Parties
Final Exam, Tuesday, December 9 at 9:00am

While, I will try very hard to keep the course on schedule, the dates on this syllabus are tentative and I reserve the right to change them at any time.

Please keep a copy of all of your work until the end of the semester.
