

Reporting a Crime or Emergency

A. General Procedures

Community members, students, faculty, staff, and guests are encouraged to report all crimes and public safety related incidents to the Public Safety Department in a timely manner. This publication focuses on the Public Safety Department because it patrols all of the Gulfport and Tampa campuses.

To report a crime or an emergency on the Gulfport campus, call 911 and then call Public Safety at (727) 343-1262.

To report a crime or an emergency on the Tampa campus, call 911 and then call Public Safety at (727) 420-8868.

Public Safety Officers are available at these numbers 24 hours a day. In response to a call, Public Safety Officers take any needed action, including but not limited to dispatching an Officer to the site of the complaint, contacting or coordinating any additional off-campus emergency assistance, and/or asking the victim to report to Public Safety to file an incident report.

Incident reports are forwarded to the appropriate deans and/or administrators as appropriate for any necessary follow-up.

If assistance is required from the Gulfport Police Department or the Tampa Police Department and the agency has not already been contacted, Public Safety will contact the appropriate agency. Crimes should be reported to the Public Safety Department even if the individual does not wish to involve law enforcement to ensure inclusion in the annual crime statistics and to aid in providing Security Alerts to the community, when appropriate. More detail regarding the circumstances under which the College of Law issues a Security Alert is contained in the College policy on this issue, located at www.law.stetson.edu/policies.

B. Reporting a Crime

Dial 911 for emergencies. Contact the Public Safety Department 24 hours a day at (727) 343-1262 in Gulfport and at (727) 420-8868 in Tampa, or use the yellow call box phones located in the parking lots, residential areas, recreational facility areas, and near buildings. See Appendix A for a Quick Reference Guide on the location of emergency call boxes.

In addition, you may report crimes to the following areas:

Head of Student Life	(727) 562-7808	Student Center Building
College Dean	(727) 562-7809	Administration Building
College Associate Dean for Academics	(727) 562-7809	Administration Building

Any suspicious activity or person seen in the parking lots or loitering around vehicles, inside buildings, or around residential housing should be reported to the local police department by calling 911 and to Public Safety using the above 24/7 phone numbers.

C. Limited Confidential Reporting

The Public Safety Department encourages anyone who is the victim or witness to any crime to promptly report the incident to the Public Safety Department. If you are the victim of a crime and do not want to pursue an action with the College of Law under our internal procedures or through the criminal justice system, you should still consider filing a report. The purpose of a report is to allow the College of Law to take steps to enhance the safety of yourself and others. With such information, the College of Law can keep accurate records of the number of incidents involving students, determine whether there a pattern of crime exists with respect to a particular location, method, or assailant, and alert the campus to any potential danger. Reports filed in this manner are also counted and disclosed in the annual crime statistics for the College of Law. They are also maintained in a confidential fashion with disclosure internally or externally only when deemed reasonably necessary for the safety of the student or others, when disclosure is required by law, or when disclosure and follow up on information contained in a report is warranted under our policies, as part of our ethical obligations in certifying student character and fitness for purposes of bar admission, or as deemed appropriate in the form of referral to the Student Support and Emergency Team (SSET) so that support and assistance efforts can be coordinated.

D. Policy Statement Addressing Counselors

The College of Law does not employ pastoral and professional counselors directly. The College of Law has a contract for services with Eckerd College to provide student counseling on a confidential basis. The College of Law encourages these professional counselors, at their discretion, to inform those they counsel of procedures for reporting crimes voluntarily and confidentially for inclusion in the institution's annual security report. The College of Law also allows and encourages individuals to use the limited confidential reporting option detailed above. In this way, the College of Law can provide appropriate support and referrals to counseling sources.

E. Policy Statement on Missing Students

The risk that a student might go missing is a concern for all colleges and universities. A report of a missing student can come from a variety of sources, including family, friends, or fellow students. Because of our concern for student safety, and in accordance with federal law, the College of Law has established a missing student notification policy and procedure. The policy can be viewed on the policies page of the internet at www.law.stetson.edu/policies.

Administrative policy adopted February 20, 2003; revised effective October 1, 2007, October 1, 2008, October 1, 2009, and October 1, 2011; conformed for web posting.
