The 21st Annual Flute Workshop will be offered this summer on the beautiful campus of Stetson University in DeLand, Fla. The five-day event is open to students in grades 7 through 12 and focuses on building performance and musicianship skills. Students will learn through a combination of technique classes, master classes, flute choirs, small ensembles and private lessons, with additional classes in rhythm, theory and music history. The faculty will perform in an evening recital and guest artists will present clinics on various topics relating to the flute. The culmination of the workshop will be the students’ final concert for family and friends.

It should be emphasized that although there will be free-time activities, the focus is on learning, as this workshop is an intensive educational and musical experience. Students should have progressed beyond a beginning level of instruction. Exceptional 6th graders may be considered for acceptance.

Tuition is $465, which includes instruction, T-shirt, housing and three on-campus meals a day during the workshop. Commuter’s tuition is $390, which includes instruction, T-shirt and on-campus lunch and dinner during the workshop.

Students staying on campus will enjoy air-conditioned rooms in a residence hall near Presser Hall, which houses the Stetson University School of Music. Workshop participants will be under excellent adult supervision. All students will have use of the university’s swimming pool, time and weather permitting. Students will practice and rehearse in Presser Hall; performances will take place in historic Elizabeth Hall, next door to Presser Hall. All meals are served in the Carlton Union Building cafeteria, located in the heart of the Stetson campus.
