

GRADUATE AND PROFESSIONAL PROGRAMS

College of Arts and Sciences

DEGREES OFFERED

The College of Arts and Sciences offers the Master of Arts degree in English, the Master of Education degree in Educational Leadership and Reading Education, the Master of Science degree is offered in Clinical Mental Health Counseling, Marriage, Couple and Family Counseling and School Counseling. Graduate degrees in Counselor Education and Teacher Education are also offered at the Stetson University Center at Celebration.

Master of Arts (M.A.)

The Master of Arts degree is offered in English. The minimum number of credits required is 30. Requirements include a thesis and competency in a modern language.

Master of Education (M.Ed.)

The Master of Education degree is designed for certified educators. Separate degree programs are available in Educational Leadership and Reading Education. This degree requires a minimum of 30 credits of coursework. Reading students must pass a comprehensive written examination and, in certain programs, internships in the field are required. Students in the Reading program must be certifiable in the area before the degree will be awarded. The M.Ed. in Educational Leadership degree assumes that the student is or will be fully certified in either elementary or secondary education and has or will have completed a minimum of three years of successful teaching. Students in both the Ed. Leadership and Reading graduate programs must pass the Florida state exam to graduate.

Master of Science (M.S.)

The Master of Science degree in counselor education is offered in three areas. The Master of Science in Clinical Mental Health Counseling requires a minimum number of 60 credits. No thesis is required, but students must enroll in a practicum, participate in two internships, pass the Counselor Preparation Comprehensive Examination, and complete a successful oral defense of the portfolio prior to graduating from the program.

The Master of Science in Marriage, Couple, and Family Counseling requires a minimum of 60 credits. No thesis is required, but students must enroll in a practicum, participate in two internships, pass the Counselor Preparation Comprehensive Examination, and complete a successful oral defense of the portfolio prior to graduating from the program.

The Master of Science degree in School Counseling is a 57-66 credit program. No thesis is required, but students must enroll in a practicum, participate in two internships, pass the Counselor Preparation Comprehensive Examination, and complete a successful oral defense of the portfolio prior to graduating from the program.

Educational Specialist (Ed.S.)

The Educational Specialist degree in Curriculum and Instruction is offered in two specialization areas: Educational Leadership and Reading. This degree requires a minimum of 30 credits of coursework beyond the master's degree. A comprehensive oral examination and a research project are required at the end of the student's program.

ADMISSION TO GRADUATE PROGRAMS IN THE COLLEGE OF ARTS AND SCIENCES

Any student who holds a baccalaureate degree from an accredited college or university may apply for admission to graduate programs in the College of Arts and Sciences. Please refer to the specific program section for additional admissions requirements.

Materials submitted in support of an application are not released for other purposes and cannot be returned to the applicant.

Admission Standards

Admission to graduate programs in the College of Arts and Sciences is determined by the Department to which the applicant is applying. Applicants should refer to the academic program section for specific admissions requirements.

Provisional Admissions

Applicants not meeting admissions requirements may, under special and unusual circumstances, be admitted. Applicants granted provisional admission will be notified of the conditions under which they are admitted. A student failing to meet any condition of his or her admission will not be allowed to continue in a degree program.

Application

Information and application forms may be obtained from the Office of Graduate Studies, College of Arts and Sciences, Box 8419, Stetson University, DeLand, FL 32723 or online. Students should apply prior to taking any graduate coursework in the College.

Enrollment as a Post-Baccalaureate Student (Non-degree status)

In the Departments of Teacher Education and Counselor Education, students who do not wish to pursue a degree program may enroll as post-baccalaureate (non-degree) students for such purposes as satisfying certification requirements, licensure requirements, or obtaining credit for transfer to another university. Students must present evidence of good standing at the last institution they attended; a transient student must have a statement from his or her university that he or she is a regularly enrolled graduate student in good standing. No more than six credits taken as a non-degree-seeking student may be applied to a degree program subsequently entered. Students desiring admission to graduate programs will be required to meet admission standards for the particular degree. Students may enroll in six credits of introductory coursework prior to admission to the graduate program with permission of the program director. Only students who have earned a baccalaureate degree from an accredited institution may pursue programs in Teacher Education, Counselor Education, or English.

REGISTRATION AND COURSES

At each registration, courses must be selected with advice from the student's program adviser. No course request form will be processed without the adviser's signature. (See Academic Calendar for deadlines.) Registration for a course obligates the student to pay tuition for the course unless an official drop or withdrawal is accomplished. (See Registrar's Office website for deadlines and instructions on registration).

GRADUATE ACADEMIC WITHDRAWALS

If an enrolled graduate student wishes to withdraw from the University, dropping all courses and leaving campus, he or she must comply with the withdrawal process described below. Withdrawal covers all course enrollments for a given registration period regardless of their meeting schedule. The policy for dropping an individual course is described elsewhere in the *Bulletin* (see Change of Registration (Drop/Add)).

Students who leave the University without proper permission automatically suspend themselves and can be re-admitted only by special approval of the Dean of the appropriate College or School. A grade of F is recorded for all courses when a student leaves without prior approved withdrawal.

Official Graduate Student Withdrawal Procedures

1. The student must complete the withdrawal process at least two weeks prior to the last day of classes in a semester (excluding summer term). Students may not withdraw during the last two weeks of a semester.
2. The withdrawal process is initiated in the office of the graduate program in which the student is enrolled. The Dean of the College or School in which the student is enrolled must approve it.
3. Graduate students receiving any type of University-administered financial aid (including scholarships, loans, or grants) must present the Withdrawal Form to the Office of Financial Aid (Griffith Hall) for information and a signature. **Note:** If a student receives any federal and/or state need-based aid and withdraws prior to the completion of 60% of a term, the Office of Financial Aid is required to perform federal return of Title IV funds calculation. After this calculation is completed, most students will owe a balance to the University since some federal and state aid typically has to be returned due to a student's failure to complete the term.
4. Graduate students living on campus in any type of University housing must present the Withdrawal Form to the Office of the Dean of Students (Carlton Union Building) for information and signature.
5. The Withdrawal Form must be returned to the office of the graduate program in which the student is enrolled to complete the withdrawal process. Once initiated, the withdrawal process must be completed within seven calendar days. No Withdrawal Forms will be accepted after 4:30 p.m. on the last day to officially withdraw during that semester.
6. When a student completes the withdrawal process, it will be recorded on the permanent academic record as follows:
 - a. If completed before the mid-term withdrawal date (see the Academic Calendar for specific date), a grade of W will be assigned for each course. No credit is earned, and the grade point average is not affected.
 - b. If completed after the mid-term withdrawal date, a grade of WP or WF will be assigned for each course according to the instructor's evaluation of the student's performance to that point. WF's are treated as credits attempted, and grade point average is affected.
7. Withdrawal affects all courses in a term of enrollment. To drop a single course, including a special format course beginning later in a semester, a graduate student would follow the drop policy, gaining approval from the graduate office and the Dean. Students receiving financial aid must consult with the Office of Financial Aid before completing a drop. There may be financial consequences for failure to maintain at least half-time enrollment, except for post-baccalaureate students for whom the minimal academic load is at least six credits (five credits for M.A., M.S., M.Ed., Ed.S., and six credits for post-baccalaureate (post-bacc) students).

WITHDRAWALS--UNDERGRADUATE AND GRADUATE-- MEDICAL

See the University Academic Policies section of this *Bulletin*.

ADVANCEMENT TO CANDIDACY

Admission to a degree program does not imply advancement to candidacy for a degree. A candidate in Teacher Education or English must complete at least nine credits of graduate work at Stetson with at least a 3.0 grade point average, and the approval of the program coordinator who certifies that all program advancement requirements are met.

Students completing degree programs in Teacher Education must also show satisfactory progress of the Field Evaluation I, Research I, and Curriculum I before advancement. The student is notified by letter when advanced to candidacy. Failure to meet the requirements for advancement to candidacy may result in the student being dropped from the graduate program.

Counselor Education students must apply for advancement to candidacy and may do so upon the successful completion of 18 credits with the minimum of a 3.0 grade point average. A candidate in Counselor Education is advanced based on the written recommendation of the major department. Students are notified by letter when advanced to candidacy. Failure to meet the requirement for advancement to candidacy may result in the student being dismissed from the graduate program.

GRADING POLICY (Counselor Education, English, and Teacher Education)

Grades assigned to students in graduate programs of the College of Arts and Sciences are as follows: A (distinction); B (quality expected of graduate students); C (below graduate standards); D (not accepted for graduate credit at Stetson); and F (failure). At the faculty member's discretion, pluses and minuses may be used to further refine a student's grade.

A student who fails to maintain an academic average of B (3.0) in graduate coursework will be placed on academic probation. A maximum of two C grades will be accepted, if balanced by A grades; a third C grade will result in academic dismissal. A single grade of C- or lower will also result in academic dismissal from the program. (See the next section of this *Bulletin* for information on the Grading System in the graduate programs in the School of Business Administration.)

The Grade of Incomplete (I)

Graduate students are expected to complete all assignments by the assigned due dates on the course syllabus, and the instructor must enter a final course grade by the date indicated on the University calendar. On occasion, because of illness or other serious circumstances late in a semester, a graduate student may request an extension of time for completing a reasonable amount of remaining work in a course. The request must be made by the student in writing to the Dean, and it must include the approval of the instructor and the program director. A detailed list of assignments to be completed and timeline for completing them, agreed on by the student and faculty member, must also be included. If the request is approved, the student will be granted an Incomplete or I grade. University guidelines on the Incomplete grade appear in the *Bulletin* under "Interpretation of Grades". The request for an Incomplete must also specify a due date no later than two weeks prior to the end of classes at the next academic session, excluding summer, in which the student is enrolled, (or two years, whichever comes first). If the Incomplete is not removed by this date, the permanent grade of F will be issued. The deadline will be strictly observed. In the case of serious extenuating circumstances, a student may request in writing that an Incomplete be extended. An appeal in writing must be made through the Graduate Office to the Dean of the College during the semester that the Incomplete is due for completion. The appeal must include the program director's approval and a new timeline for completing all remaining assignments. The maximum extension allowed on appeal is 24 months from the original date the Incomplete was issued, regardless of enrollment status during that period.

An incomplete earned in the thesis course (ENGL 699) and (EDUC 685) is an exception to the rule above. An incomplete in these courses will remain until the course is completed. However, students should be aware there is a time limitation of six-years from the date of their first enrollment in which to complete all work toward a master's degree.

COURSE REQUIREMENTS FULL-TIME STATUS

Specific course requirements are determined by the department offering the degree program. Additional coursework may be required if the Department or the Graduate Council determines that the student's background is inadequate in the field in which he or she intends to major. Although students may take up to twelve credits during fall and spring semesters and nine credits during the summer term, students are considered "full-time" when they take six credits in the fall and spring semesters, and six credits during the summer.

TRANSFER OF CREDITS

Transfer of course credit is not automatic. A maximum of six credits may be transferred from another accredited graduate school provided these credits are approved by the Department as part of the student's planned program. No grade below B- will be accepted as transfer credit. The student must fill out an appropriate form requesting transfer credit. A student wishing to take work at another institution after being admitted to a graduate program must first have the written approval of his or her major department. Afterwards, he or she must provide an official transcript of the work completed for the department's final approval of the transfer of credit. Note: Transfer credits expire six years after their completion. Transfer credits

will be credited to the degree program only after the student has been advanced to candidacy. No work gained by correspondence courses is acceptable toward a graduate degree.

TIME LIMITATIONS

All work toward a master's degree, must be completed within six years from the date of the first enrollment. The student who is unable to complete all degree requirements within this time may petition the Graduate Council for a one-year extension.

APPLICATION FOR GRADUATION

Degree candidates must file an application for graduation, with a \$125.00 fee, by the graduation application deadline of the term in which they expect to graduate. Graduation application deadlines are listed in the Academic Calendar, and after the graduation application deadline, graduation fees are doubled. Students should file the form in the Office of the Registrar. Attendance at Commencement is expected. A graduation application is REQUIRED before a degree will be awarded.

GRADUATE EDUCATION IN THE DEPARTMENT OF COUNSELOR EDUCATION

The Department of Counselor Education offers three Master of Science Degrees: Clinical Mental Health Counseling; Marriage, Couple, and Family Counseling; and School Counseling. These programs are accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP), the National Council for the Accreditation of Teacher Education (NCATE), and the Southern Association of Colleges and Schools (SACS).

Mission and Objectives of Counselor Education

The mission of the Department of Counselor Education is to educate all students including those from diverse academic, geographic, religious/spiritual, ethnic, and cultural backgrounds, preparing them to accept their professional responsibilities with distinction. Students learn to behave ethically, become aware of their professional responsibilities and their own personal strengths and resiliency so that they apply their training and self-knowledge with a culturally diverse clientele.

Objectives of the Department of Counselor Education

- Objective 1: An ethically informed professional identity
- Objective 2: An awareness of personal strengths and resiliency
- Objective 3: An appreciation of diverse cultures
- Objective 4: Critical thinking and creative expression
- Objective 5: Efficacious commitment to professional and community service

Admissions Process

The Graduate Council of Counselor Education sets the admissions standards for the Counselor Education Graduate Program based on standards from the program faculty, Florida Department of Education, Florida Department of Health, and the Graduate Council of the College of Arts & Sciences.

Admissions Requirements

Admission to the Counselor Education Graduate Program requires an earned undergraduate degree from a college or university accredited by an appropriate regional association.

- Completion of application packet
- Application Fee (\$25.00)
- Official Transcripts from all previous universities/colleges attended

Three letters of recommendation (Forms provided)
Group Interview
*GRE or MAT

School Counseling Applicants who are not fully certified teachers must submit passing scores on the General Knowledge Test (GK).

*Each student is required to submit scores from the Graduate Record Exam or Miller Analogies Test. (Composite score of 1000 on the verbal and quantitative sections of the GRE) or (Score of at least 410 on the MAT). However, an undergraduate grade point average of 3.0 in upper-division courses may assist a student whose standardized test scores do not meet the minimum criteria.
A student with an earned Master's degree from an accredited university is not required to submit test scores (GRE or MAT).

*A Stetson graduate who has a major in Psychology, has at least a 2.8 GPA for all work at Stetson, successfully completes the required group interview, and has satisfactory letters of recommendation will not be asked to take the GRE or the MAT and will be automatically accepted into any of the three master's programs offered by the Department of Counselor Education.

Additionally, all international applicants whose native language is not English are required to take the Test of English as a Foreign Language (TOEFL) and submit a combined score of 550 or better (new scoring of 213 or better) or the Internet based test scoring of 80 or better. Please contact the Office of Graduate Studies for additional information.

Students Seeking Certification and Licensure

Counselor Education accepts post-baccalaureate students for such purposes as satisfying certification or licensure.

Six (6) Credit Rule

Students may enroll in six credits of introductory coursework prior to admission into the graduate program.

Internship Opportunities

A practicum or internship setting is a public or private community agency; elementary, middle, or secondary school; community or junior college; university; or not-for-profit business; publicly or privately funded service program; or other appropriate setting that accepts a graduate student fully enrolled in a program in the Stetson University Department of Counselor Education for supervised professional experience.

Career Opportunities

Graduates will have the opportunity choose careers within the public and private sectors, school systems, inpatient and outpatient hospital settings, community mental health centers, as well as independent treatment settings.

MASTER OF SCIENCE DEGREES

J. Burnett; B. Noonan (Chair); L. Roach; P. Thanasiu; M. Walter

The Department of Counselor Education offers three Master of Science Degrees: Clinical Mental Health Counseling; Marriage, Couple, and Family Counseling; and School Counseling.

Application guidelines are available through the Graduate Studies Office in 121 Davis Hall. Applicants are chosen each semester based on undergraduate record, Graduate Record Examination or Miller Analogy Test scores and an interview. As a requirement for graduation, students must pass the Counselor Preparation Comprehensive Examination and defend an academic portfolio according to departmental guidelines for the three programs.

PORTFOLIO

A comprehensive accountability portfolio based on program and/or state/national standards must be completed and defended in the student's last semester. It is the responsibility of the student to schedule the portfolio review team. The portfolio defense is commonly evaluated by at least two faculty members and one practicing professional. Candidates may have input into the selection of the portfolio defense committee members. A scheduling request form can be found in the Office of Graduate Studies.

Counselor Education determines the portfolio defense team and schedule and does not require a portfolio defense form; however, students who are eligible for their portfolio presentation must submit their portfolios two weeks prior to the portfolio presentation.

Counselor Education Course Offerings

- CSL 501 Evaluation and Assessment (3).** Introduction to individual, couple, family, group and environmental/community approaches to assessment and evaluation. Topics include the history and purpose of evaluation instruments used by counseling professionals; asic descriptive and inferential statistics, validity, reliability, and measurement concepts; relevant social and cultural contexts in assessment; and principles and ethics of diagnosis and formal and informal assessments. An overview is also provided to intelligence, aptitude, interest, achievement, personality, and cognitive status.
- CSL 502 Legal, Ethical, & Professional Issues (3).** Overview of professional counseling including codes of ethics, legal considerations, standards of preparation, certifications and licensing, role identity of counselors, self-care strategies appropriate to the counselor role, and goals and objectives of counseling organizations. The role of counselors in promoting the welfare of all clients, by emphasizing the inherent dignity, worth, and equality of all persons will be emphasized. The primary focus of the course will be on the legal, ethical, and professional issues for counselors. The course is designed to teach the process of decision-making guided by ethics and social responsibility.
- CSL 503 Human Relations Methods and Skills (3).** Provides students with cognitive, behavioral and affective training. The objectives of this training are to develop the essential interviewing and counseling skills needed to communicate and maintain essential dimensions of the helping relationship and to explore and clarify client concerns. Students will gain awareness of the invitational, processing, personalization, and conceptualization skills, in addition to an understanding of counselor characteristics and behaviors that influence the helping process. Procedures include activities designed to help students conceptualize a systemic framework for the counseling process with an understanding of strategies conducive to promoting dignity of all persons utilizing a wellness and prevention orientation.
- CSL 504 Group Counseling (3).** Provides students with the information necessary to understand the development of effective group facilitation skills and knowledge of organizing, implementing, and evaluating groups. Theoretical and experiential understanding of group

dynamics will be addressed including group process components, developmental stages, group member roles and behaviors, and therapeutic factors. Students will have an opportunity to develop an understanding of group dynamics unique to each of the 4 group specialties: task groups, psycho-educational (classroom guidance groups), counseling groups, and therapy groups. The value of diverse persons and differing ideas in group work will be illuminated. Students will gain direct experience by participating in a minimum of 10 clock hours of small group activity approved by the program.

- CSL 505** **Theories of Counseling (3).** Overview of the major theories of counseling and personality that provide models to conceptualize client presentation and to select appropriate counseling interventions. Exposure to models of counseling that are consistent with current professional research and practice in the field will be presented to assist in the development of a personal model of counseling. Personal assumptions regarding human nature and behaviors are examined along with some specific therapeutic styles and techniques. Students will develop an understanding of multidisciplinary immediate, intermediate, and long term responses to crisis, emergencies, and disasters, including the use of psychological first aid strategies.
- CSL 506** **Human Development (3).** Addresses major theories of human development across the lifespan, including learning and personality development, and understandings of neurobiological behavior. It is designed to examine human development issues from a multicultural perspective with attention to individual, cultural, and community resilience. The course addresses the cognitive, socio-emotional, spiritual, and physical nature and needs of individuals at all developmental levels, in addition to strategies for facilitating optimum development and wellness over the lifespan. Tasks related to normal development, prevention, early intervention, and counseling are addressed along with an understanding of developmental crises, disability, psychopathology, and situational and environmental factors that affect behavior. Issues of family development and transitions are addressed from a systemic perspective.
- CSL 507** **Career Counseling (3).** Factors contributing to career development that must be considered by counselors as they assist clients with career planning and decision-making process will be addressed. Career development theories, guidance models, and strategies for various client groups will be presented. Emphasis will be placed on understanding the interrelationship between and among work, family, and other life roles, including the impact of multicultural issues in career development. Assessment instruments and techniques relevant to career planning and decision-making will be presented. Students will have an opportunity to gain awareness of the counseling skills necessary to address personal issues that emerge in career life.
- CSL 508** **Family Systems (3).** Provides analysis of the theory and research in marriage and family interaction and communication patterns. Conceptualization of family dynamics is accomplished through integration of systems theory, the developmental stages of family life, healthy family functioning, family structures, family of origin and intergenerational influences, and the interaction of the family in a multicultural society. Students will gain an understanding of specific problems and interventions that can enhance family functioning and demonstrate an understanding of the impact of disasters on families.
- CSL 509** **Individual, Marital, & Family Psychopathology and Psychotherapy (3).** Overview of theory, research and practice related to the diagnosis and treatment of individual, marital and family psychopathology. Specific attention is paid to understanding interlocking pathology. The diagnostic categories of the DSMIV-TR are examined as well as physiological, behavioral, social, cognitive and systems perspectives of dysfunction. Patterns of dysfunctional and functional individual, marital, sexual and family behaviors and interactions are assessed and analyzed through an examination of theories, case studies, research, applied literature and specific therapeutic techniques.

- CSL 510** **Marriage and Relationship Counseling (3).** Provides an understanding of the coupling process including dimensions of communication, developmental sequences and family of origin issues, intimacy, sexuality, and marital conflicts. Treatment planning and therapeutic strategies are emphasized.
- CSL 511** **Marriage, Couple, and Family Counseling Seminar (3).** Introduces students specializing in the practice of marriage, couple, and family counseling to the history and philosophy, professional organizations, competencies, preparation standards, credentials, pertinent legal issues and professional trends in the field. Students will develop an understanding of the role of marriage, couple, and family counselors within the emergency management system of the practice site and community. The therapist's role will be explored within the framework of legal and community systems and will also address the therapist's role related to divorce, child custody, mediation, and domestic violence.
- CSL 513** **Multicultural Counseling and Psychosocial Therapy (3).** Addresses multicultural issues e.g., ethnicity, religion, nationality, age, gender, sexual orientation, mental and physical characteristics, education, family influences, on the provision of counseling services. This course is designed to evaluate pluralistic trends including, societal, human roles, subgroups, norms, diversity of lifestyle, and communication patterns. The course also emphasizes the examination of personal and institutional prejudice, bias, oppression, and discrimination as well as psychosocial theories of multicultural counseling and identity development. Students will develop and increase personal awareness of cultural issues and professional multicultural counseling competencies as well as gain insight into one's own assumptions, values, beliefs, and expectations about self and others as a means of working more effectively with diverse populations. Students will understand the counselor's role in promoting social justice, advocacy and conflict resolution, and other culturally supported behaviors that promote optimal growth of the human spirit, mind and body.
- CSL 514** **Sexuality Counseling (3).** Explores the biopsychosocial aspects of human sexuality and the impact on family and couple functioning. Healthy sexual functioning is reviewed as well as the assessment and treatment of sexuality dysfunctions and disorders. GRADUATE EDUCATION IN THE DEPARTMENT OF ENGLISH

Joel B. Davis—Program Coordinator

M.A. in English Admissions requirements

All applicants to the Master of Arts program in English must present the following to the Office of Graduate Studies:

1. A completed application packet (available at the Office of Graduate Studies or on the Master of Arts program in English webpage).
2. Official transcripts from all post-secondary institutions attended, including evidence of an undergraduate degree earned from a college or university accredited by the appropriate regional association.

3. Official scores for the Verbal and Analytical Writing sections of the Graduate Record Exam. The MA program prefers applicants who score above the 50th percentile on the Verbal section of the GRE.
4. Three recommendations from persons who can address the applicant's intellectual abilities, maturity, and academic motivation. Letters from instructors at the college level with specific knowledge of the applicant's academic work are preferred. The required recommendation form, which accompanies each letter, is available via the MA in English program webpage.
5. A sample of the applicant's academic writing. An essay written for an upper-division English course or a course in another discipline in the humanities is preferred.

Additionally, all international applicants whose native language is not English are required to take the Test of English as a Foreign Language (TOEFL) and submit a combined score of 550 or better (new scoring of 213 or better) or the Internet based test scoring of 80 or better. Please contact the Office of Graduate Studies for additional information.

All materials must be presented to:

Office of Graduate Studies
 College of Arts & Sciences

TRANSFER CREDIT

Up to 6 credits of post-graduate work may be accepted for transfer credit in the degree program, with a grade of B or higher. Students wishing to apply such transfer credits to the distribution requirements for the degree should submit a written request stating the requirement to be fulfilled along with a copy of the syllabus for the course and any additional materials which will serve to demonstrate the nature of the course content.

COURSE IN CRITICISM/THEORY

Any of the following courses fulfills the criticism/theory requirement: ENGL 520, ENGL 522, ENGL 523, ENGL 524, ENGL 527, ENGL 528, ENGL 581, ENGL 582, ENGL 681.

MODERN LANGUAGE REQUIREMENT

A reading knowledge of a modern language approved by the department is required for the M.A. Program before the student may register for ENGL 699; students may not attempt to fulfill the language requirement while taking ENGL 699. Students may satisfy this requirement in one of three ways.

- First, students may make an acceptable score (usually 76%) on the reading examination administered by the Department of Modern Languages and Literatures. French, German, and Spanish are approved languages; students may apply to substitute another language to fulfill this requirement if that language is appropriate for the student's course of study. Students have used this option in the recent past for Portuguese, Latin, and Japanese. Application for an examination should be made to the Chair of the Department of Modern Languages, Sampson Hall, who will report the student's score to the Office of Graduate Studies.
- Second, the foreign language requirement may be fulfilled by an undergraduate major in a foreign language or an undergraduate minor in a foreign language, with a grade point average of B or better in the major or minor. In order to use this option, present the appropriate transcript to the director of graduate studies.
- Third, the requirement may be fulfilled by passing a course in a foreign language at Stetson University at the 200 level or higher.

THESIS

Students who have earned at least 24 credits toward the degree; who have fulfilled the modern language requirement; and who have completed ENGL 698 must file a form in the Office of Graduate Studies showing that the thesis topic has been approved by the Director of the Thesis, the Department Chair, and the Dean of the College. Once that form has been filed, the student may register for ENGL 699. Prior to the final typing of the thesis, the candidate must have the approval of his or her thesis committee. After securing that approval, he or she must submit for verification of correct form three copies of the thesis, typed and ready for binding, to the Thesis Director at least two weeks before the date set for the oral examination.

GRADUATE EDUCATION IN THE DEPARTMENT OF TEACHER EDUCATION

The Department of Teacher Education graduate programs are accredited by the Southern Association of Colleges and Schools, the National Council for the Accreditation of Teacher Education (NCATE), and the State of Florida.

Graduate Degrees

Master of Education—Educational Leadership

Master of Education—Reading Education

Educational Specialist – Curriculum & Instruction

The Graduate Council determines whether an individual student will be admitted. The Council may choose not to admit a student based on their skills and dispositions score averages even when other requirements have been satisfied.

Graduate Council

Gail Choice; Patrick Coggins; Glen Epley; Elizabeth Heins; Kathy Piechura-Couture; Debra Touchton (Council Chair).

Admission Agreement Between the Department of Teacher Education and the Graduate Committee Concerning Stetson Graduates

Stetson University graduates who have successfully completed our undergraduate NCATE-approved teacher education program or our state-approved program (prior to our

receiving NCATE accreditation) with at least a 3.00 GPA in their major and at least a 2.80 GPA for all work at Stetson and submit positive recommendations for graduate studies admission (two from the Department of Teacher Education faculty and one from outside the Department) will not be required to take the GRE or MAT and will be automatically accepted into our graduate education program. Students who do not meet these criteria may apply for admission in the normal fashion.

FLORIDA DEPARTMENT OF EDUCATION CERTIFICATION REQUIREMENTS

In order to graduate from a state-approved teacher education program, including school counseling, the student must present passing scores on all tests required for certification as a requirement for program completion. The tests required for certification and program completion include a basic skills/general knowledge test, a professional skills test, and a subject area test. Students in Reading Education are required to take a reading state examination to obtain certification in reading. Educational Leadership students are required to pass the Florida Education Leadership Examination (FELE) before graduation. The examinations required for certification and thus program completion (graduation) must be determined on an individual basis. The only examination required for certification and program completion for those candidates who already hold a valid Florida Professional Educators Certificate will be the appropriate subject area examination. However, candidates who do not hold a valid Florida Professional Educator's Certificate will be required to pass all certification examinations (general knowledge, professional skills, and subject area tests).

MASTER OF EDUCATION (M.ED.) IN READING EDUCATION w/ ESOL

Gail Choice, Program Coordinator

Admissions Requirements

- Earned undergraduate degree from a college or university accredited by the appropriate regional association.
- Completion of application packet
- Application Fee
- Official Transcripts from all previous universities / colleges attended
- Three letters of recommendation (Forms provided) with one form completed by current principal
- Copy of Professional Teaching Certificate

Applicants are required to have one of the following: An undergraduate grade point average of at least **3.0** in upper division courses; a master's degree from an accredited university; or 12 or more credits of post-baccalaureate work at the 300 or above level with a GPA of 3.0 or better. If GPA is not a 3.0, the applicant must have a composite verbal & quantitative score of at least **1000** on the GRE; or a score of **410** on the MAT

*** Applicants** that are not fully certified teachers must submit passing scores on the General Knowledge Test (GK). Also, additional coursework may be required.

Additionally, all international applicants whose native language is not English are required to take the Test of English as a Foreign Language (TOEFL) and submit a combined score of 550 or better (new scoring of 213 or better) or the Internet based test scoring of 80 or better. FINAL DEGREE EXAMINATION - Specialist

Scheduling for the final degree examination must be made well in advance (see the Academic Calendar for deadlines). The final oral examination in the degree program includes a defense of the research project, work done in courses, and any other work prescribed by the Department. A candidate who fails the final degree examination may, at the discretion of the examining committee, be allowed to take a second examination. Normally, the student will be required to wait at least one term before taking a re-examination. A third examination will be allowed only in unusual circumstances, and will require the approval of the Graduate Council. Final degree examinations will be given in the semester of graduation. However, summer examinations may be offered if faculty are available. Students should plan their programs to avoid summer examinations since there is a possibility that exams may not be available at that time.

Teacher Education Graduate Course Offerings

- EDUC 500 Technology and the Professional Educator (3).** Examines, through the integration of technology, professional standards of teaching (Accomplished Practices, INTASC, and Board Certification). Students will be required to develop an electronic professional portfolio, which addresses one set of standards.
- EDUC 501 Measurement, Evaluation, and Testing (3).** Basic descriptive and inferential statistics and measurement concepts. Principles and ethics of diagnosis, formal and informal assessment and overview of intelligence, aptitude, interest, and achievement tests relevant to the educational needs of diverse populations.

- EDUC 504 Human Development (3).** Study of bio-psychosocial and personality factors in the growth and development of individuals across the life span.

Curriculum development, teaching strategies and identification, evaluation, and modification of commercial materials will be covered. Adherence to developmental benchmarks, and state and national standards will be addressed.
- EDUC 565 Effective Use of Instructional Media (3).** Focuses on the variety of instructional tools such as video, slides, overheads, audio, and computer and digital images available to teachers. Students will learn how to choose, create, and use these and other media effectively in the classroom.
- EDUC 566 Educational Technology (3).** Introduces the applications of technology to the management of education and to instruction. Fundamentals of information processing are introduced including computer hardware, application/productivity software, uses and applications in education, organizational issues, ethical and legal concerns, data security and privacy and facilities design.
- EDUC 567 Communications and Research Analysis for Educational Leaders (3).** Focuses on the theories and principles of education and communication and explores solid research data and best practices to accelerate learning outcomes. The student will develop plans of action which will be communicated to "publics" that will offer new approaches for learning.
- EDUC 570 Consultation Collaboration: The Role of the Teacher (3).** Provides an understanding of the relationship between diverse populations and the general education setting. Theories and strategies used in collaboration and consultation will be presented. Particular emphasis on how families, special educators and general educators can work together for student success.

- EDUC 571** **Advanced Educational Assessment of Diverse Learners (3).** Laboratory experiences in the study, interpretation, and use of diagnostic instruments and assessment techniques used in evaluating exceptional and limited English proficiency (LEP) students. Both alternative and standardized testing will be examined.
- EDUC 572** **Nature and Needs of Students with Specific Learning Disabilities (3).** Study of the theories, trends, classification systems, characteristics, and educational approaches to diagnosis and remediation of students with specific learning disabilities.
- EDUC 573** **Instructional Strategies for Teaching Learning Disabled Students (3).** Focuses on specialized approaches to teaching academic skills. Instructional techniques using commercial as well as modified curriculum materials will be presented.
- EDUC 574** **Classroom and Behavior Management (3).** Focuses on theoretical and applied methods of classroom organization, behavior management, and consultation for all students. By bridging theory and practice students learn how to create safe and productive learning environments. (This course may be required to be taken in conjunction with EDUC 588 and EDUC 590.)
- EDUC 575** **Nature and Needs of Mentally Handicapped Students (3).** Analysis of the biological, psychological, and sociological bases of mental retardation. Attention given to the needs, characteristics, problems, families, and educational difficulties of the mentally handicapped.
- EDUC 576** **Instructional Strategies for Teaching the Mentally Handicapped (3).** Provides Instructional strategies for teaching functional and basic developmental skills. Developing, implementing, and evaluating individual programs will be discussed with emphasis on data-based management.
- EDUC 577** **Curriculum for Students with Mental Handicaps (3).** Focuses on curriculum materials including current innovations and trends. Curriculum development, as well as the identification, evaluation, and modification of commercial materials will be covered. Field experience may be required.
- EDUC 578** **Nature and Needs of Emotionally Handicapped Students (3).** Examines the characteristics, identification, and problems of emotionally handicapped. Attention is given to the prevention of emotional handicaps. Emphasis given to intervention techniques as well as utilization of community services.
- EDUC 579** **Nature and Needs of Gifted Students (3).** Examines the characteristics, identification, and problems of the gifted. Special attention devoted to educational approaches, principles and practices used in special and regular classrooms.
- EDUC 580** **Language Development of Diverse Populations (3).** Study of current practices in teaching language development for exceptional and limited English proficiency (LEP) students.
- EDUC 581** **Curriculum for Students with Learning Disabilities (3).** Focuses on curriculum materials including current innovations and trends. Curriculum development, as well as the identification, evaluation, and modification of commercial materials will be covered. Field experience may be required.
- EDUC 582** **Instructional Strategies for Teaching Emotionally Handicapped Students (3).** Attention given to methods, materials, and strategies for teaching emotionally handicapped students. Development, implementation, and evaluation of individualized programs will be covered. Data-based management and motivational techniques will be discussed.

- EDUC 583 Curriculum for Emotionally Handicapped Students (3).** Focuses on curriculum materials including current innovations and trends. Curriculum development, as well as the identification, evaluation, and modification of commercial materials will be covered. Field experience may be required.
- EDUC 584 Educational Procedures and Curriculum for the Gifted (3).** Examines curricula content, materials, and methods. Learning models in curriculum building investigated. Attention given to learning styles, self awareness and simulation activities, and development of creative potential.
- EDUC 585, 586 Independent Study (2-6).**
Explores in greater depth of materials related to basic courses. Foundational courses cannot be taken independently.
- EDUC 587 Guidance and Counseling of Gifted Students (3).** Study of the theoretical basis of counseling and of the special tasks of counseling with gifted students and their parents.

The Student Teaching Block

- EDUC 588 General Methods of Teaching (3).** Overview of the entire school program; curriculum, school organization, problems of instruction, and evaluation.
- EDUC 589 Seminar: Special Methods of Teaching in the Secondary Schools (3).** Examines techniques of motivation; preparation, presentation, and evaluation of materials in particular subject fields. Micro-simulation and interaction analysis.
- EDUC 590 Supervised Student Teaching (3-6).** A minimum of 210 hours in an elementary or secondary school; 100 hours of actual instruction.
- EDUC 591 Internship in Educational Leadership (1).** School-based field experiences under the supervision of a school administrator and seminars on best practices in school leadership. (Total of 3 credits required.)
- EDUC 592 Methods of Teaching English to Speakers of Other Languages (ESOL) (3).** Overview of teaching methodologies that are effective in teaching English as a second language. The content will include components in content-based (mathematics, science, language arts, and social studies) using appropriate ESOL strategies.
- EDUC 593 ESOL Curriculum and Materials Development (3).** Provides certified teachers and others with skills and competencies necessary for application of second language acquisition theory, principles and research in curriculum and materials development in ESOL. Appropriate curriculum and curriculum materials which enhance LEP students' ability to acquire English and other content area skills and competencies are emphasized.
- EDUC 594 Testing and Evaluation in ESOL (3).** Provides general background in issues of language testing, opportunities for examining informal and formal assessment and evaluation strategies, and practical experience in designing and developing valid assessment instruments for learners of English as a Second Language.
- EDUC 595, 596 Seminar (3).** Graduate seminars concentrating on content, skills, or materials in various subject fields.
- EDUC 597 Applied Linguistics (3).** Provides ESOL teachers with knowledge and skills to apply linguistic theories, methods, and findings to solve LEP/ESOL teaching and learning problems and to enable them to effectively deliver second language curriculum to learners who have varied linguistic backgrounds.

- EDUC 598** **Education of Special Populations of Gifted Students (3).** Overview of theory, research, and practical suggestions about educating special populations of gifted students, e.g., minorities, emotionally handicapped, learning disabled, physically handicapped, sensory handicapped and speech impaired. The aim is to sketch several definitions of giftedness, then to apply these to special populations and apply this knowledge to the classroom.
- EDUC 599** **Theory and Development of Creativity (3).** Examines theory, research, and practical suggestions about creativity that are of value to classroom teachers. The aim is to sketch several definitions to define creativity from various theoretical models, then to survey various instruments to identify and apply this knowledge to the classroom.
- EDUC 629** **Managing Cultural Diversity (3).** Attention is given to planning, site based management, school improvement, and the impact on implementing multicultural education and managing cultural diversity in schools. Practical curricular models will be evaluated and innovative curricula will be designed and discussed.
- EDUC 647** **Communication for Educational Leaders (3).** Focuses on practical communication needs of the working educator including written, oral, and non-verbal communications.
- EDUC 650** **Seminar: Education in an Era of Challenge (3).** Explores major problems and contemporary issues confronting school personnel. Extensive use is made of resource persons in the several areas of concern.
- EDUC 663** **Psychology of Instruction and Discipline (3).** Examines theory and practice of Psychological principles and techniques to improve teaching and learning and classroom management.
- EDUC 665** **Utilizing Educational Research (3).** Examines both quantitative and qualitative methods employed in educational research, library techniques, use of mini and microcomputers including the SPSS program(s). Also provides students with knowledge and methods for conducting, evaluating and applying published research to their classroom and school leadership.
- EDUC 667** **The Exceptional Child in the Regular Classroom (3).** Examines the discernible types of educationally exceptional children, including the so-called average child. Throughout this course, a continuing effort will be made to adapt to the “regular” classroom those techniques and procedures which have proved useful in the various areas of special education.
- EDUC 685** **Directed Study (3).** In-depth study and research in selected areas of education.

School of Business Administration

PROGRAMS OFFERED

The School of Business Administration offers two graduate programs: the Master of Business Administration (M.B.A.) and the Master of Accountancy (M.Acc.). Additionally, a joint J.D./M.B.A. program is available through cooperation with the Stetson University College of Law. The M.B.A. program is offered at the Stetson University Center at Celebration in both traditional and Executive (E.M.B.A.) formats. For information on the M.B.A. in DeLand, M.B.A. in Celebration, J.D./M.B.A., or M.Acc. programs, contact Kathy Hannon at khannon@stetson.edu or call 386-822-7410. For information on the E.M.B.A., contact Wendy Lowe at wlowe@stetson.edu.

ADMISSION CRITERIA

Master of Business Administration (M.B.A.)

Graduates of accredited universities who have received the baccalaureate degree are eligible to apply for admission to graduate study in the School of Business Administration. Students must have earned a baccalaureate degree from a college or university accredited by the appropriate regional association and present evidence of good standing at the last institution they attended. The undergraduate degree need not be in business administration. Indeed, combining the M.B.A. with a non-business degree is considered outstanding career preparation in many fields.

A student who has received either a Juris Doctor or Master of Science in Pharmacy degree from a partner school is eligible to enroll in the Stetson MBA under the requirements of the respective dual degree program. In order to qualify, a student must apply for admission to the MBA program within 60 months of the completion of the JD or MSP degree.

Enrollment as a Post-Baccalaureate Student (Non-degree status)

In the School of Business Administration, students may enroll as post-baccalaureate (non-degree) students for such purposes as professional growth, personal development, or to satisfy graduate program undergraduate-level foundation courses. Post-baccalaureate students are not permitted to take graduate level courses. Enrollment requires a post-baccalaureate application, \$25 application fee (\$5 for former Stetson University students), and official transcripts of all undergraduate and graduate coursework. Students must have earned a baccalaureate degree from a college or university accredited by the appropriate regional association and present evidence of good standing at the last institution they attended. International students must provide an official course-by-course evaluation of their transcripts from an approved evaluation service and official Test of English as a Foreign Language (TOEFL) scores.

M.B.A. Term Dates

The M.B.A. Advanced Level classes are offered during non-traditional terms. See the M.B.A. term dates in the Academic Calendar at the end of this *Bulletin*.

Master of Accountancy (M.Acc.)

Applicants for admission to the Master of Accountancy program must be graduates of an accredited university, and must have an undergraduate degree in accounting (or, must have the equivalent in academic coursework). Students must have earned a baccalaureate degree from a college or university accredited by the appropriate regional association and present evidence of good standing at the last institution they attended.

Admission Procedures

Generally, a completed application must include official transcripts of all undergraduate and graduate work, official test scores of the Graduate Management Aptitude Test (GMAT), three letters of recommendation, and a completed Stetson University application. All DeLand M.B.A. and M.Acc. applications must be accompanied by a twenty-five (\$25) nonrefundable application fee. Applicants who have previously attended Stetson pay only five dollars (\$5). A personal interview may be required.

International students must provide an official course-by-course evaluation of their transcripts from an approved evaluation service and official Test of English as a Foreign Language (TOEFL) scores.

Application may be made for admission for the fall, spring, or summer terms with the exception of the E.M.B.A., which admits only for fall. Materials must be submitted to the appropriate office and all materials submitted in support of an application are not released for other purposes and cannot be returned to the applicant.

All completed applications are evaluated by the Graduate Committee of the School of Business Administration. Acceptance is based on undergraduate academic performance, scores of the GMAT (and TOEFL for international students), and evidence of leadership and experience. Students will be notified, in writing, of their admission status following an evaluation of their credentials. Evaluations are normally done on a monthly basis.

Admission procedures may vary between programs. For specific admission procedures, please contact the appropriate office.

Transfer of Credits

The graduate business programs require a basic foundation in business administration courses. Foundation requirements may be satisfied by transfer credit from institutions accredited by the appropriate regional association. Coursework taken by applicants as part of their undergraduate curriculum may be applied to the foundation requirements if the coursework is comparable and if the applicant earned a course grade of a C or higher. After admission to a graduate program at Stetson, any foundation course may be satisfied by transfer of a comparable course credit from an institution accredited by the appropriate regional association.

Advanced course requirements are ordinarily to be taken at Stetson. The following general policy will be applied by all directors of graduate business programs when awarding graduate transfer credit:

- A maximum of six hours of credit is transferrable into a graduate degree program. Transfer credit hours are not permitted for Stetson joint degree programs except from the partner school.
- Only business or economics courses taken at an AACSB-accredited university and in which the student earned a grade of B or above are eligible for transfer. Pass/fail and internship courses are not eligible for transfer credit.
- Courses may not be transferred from a previously completed degree program.
- Graduate credit must have prior approval by the director of the graduate program and the appropriate department chair. Students may be required to present course descriptions and/or course syllabi for review.
- The director of the graduate program, in consultation with the appropriate department chair(s), will determine if a course is the equivalent of a current graduate program advanced requirement. If the course is not determined to be equivalent, the course may be given credit as a graduate elective, if approved by the director of the graduate program.

TIME LIMITATIONS

All courses toward the M.B.A. or M.Acc. degrees, including transferred courses, must be completed within eight years of the first enrollment as a graduate student at Stetson. The student who is unable to complete all degree requirements within this time may appeal to the Graduate Committee of the School of Business Administration for an extension.

GRADING POLICY FOR SOBA GRADUATE PROGRAMS (MBA, MAcc, EMBA)

Grades assigned to students in graduate programs of the School of Business Administration are as follows: A-distinction; B-quality expected of graduate students; C-below graduate standards; D-not accepted for graduate credit; and F-failure. At the faculty member's discretion, plusses and minuses may be used to further refine a student's grade. Undergraduate foundation courses, completed at an institution other than the Stetson University School of Business Administration, in which a grade of D or F was earned, must be retaken. Successful completion of all graduate programs in the School of Business Administration requires that the student earn a minimum of 3.0 overall GPA in all advanced level courses. In addition, successful completion of the M.Acc. requires an overall minimum 3.0 GPA in all accounting courses in the program.

A student who completes all required advanced level courses with an overall GPA lower than a 3.0 may petition the director of the appropriate graduate program for permission to retake a maximum of two courses in which a grade of less than B was earned. The new grade will replace the one originally earned. Any graduate student receiving a D or F in an advanced level class will be dismissed from the program.

A Post-Baccalaureate student enrolled in the School of Business Administration must earn a C or higher in all foundation courses. A Post-Baccalaureate student who fails to earn a C or better in any foundation course will not be permitted to enroll in future courses in the School of Business Administration.

A graduate student enrolled in advanced level courses who maintains an overall 3.0 GPA is considered to be in good academic standing. A student who falls below an overall 3.0 GPA will be placed on academic probation. A student who does not attain a 3.0 overall GPA after two consecutive terms on probation will be dismissed from the program.

GRADUATE ACADEMIC WITHDRAWALS

If an enrolled graduate student wishes to withdraw from the University, dropping all courses and leaving campus, he or she must comply with the withdrawal process described below. Withdrawal covers all course enrollments for a given registration period regardless of their meeting schedule. The policy for dropping an individual course is described elsewhere in the *Bulletin* (see Change of Registration (Drop/Add)).

Students who leave the University without proper permission automatically suspend themselves and can be re-admitted only by special approval of the Dean of the appropriate College or School. A grade of F is recorded for all courses when a student leaves without prior approved withdrawal.

Official Graduate Student Withdrawal Procedures

1. The student must complete the withdrawal process at least two weeks prior to the last day of classes in a semester (excluding summer term). Students may not withdraw during the last two weeks of a semester.
2. The withdrawal process is initiated in the office of the graduate program in which the student is enrolled. The Dean of the College or School in which the student is enrolled must approve it.
3. Graduate students receiving any type of University-administered financial aid (including scholarships, loans, or grants) must present the Withdrawal Form to the Office of Financial Aid (Griffith Hall) for information and a signature. **Note:** If a student receives any federal and/or state need-based aid and withdraws prior to the completion of 60% of a term, the Office of Financial Aid is required to perform federal return of Title IV funds calculation. After this calculation is completed, most students will owe a balance to the University since some federal and state aid typically has to be returned due to a student's failure to complete the term.
4. Graduate students living on campus in any type of University housing must present the Withdrawal Form to the Office of the Dean of Students (Carlton Union Building) for information and signature.
5. The Withdrawal Form must be returned to the office of the graduate program in which the student is enrolled to complete the withdrawal process. Once initiated, the withdrawal process must be completed within seven calendar days. No Withdrawal Forms will be accepted after 4:30 p.m. on the last day to officially withdraw during that semester.

6. When a student completes the withdrawal process, it will be recorded on the permanent academic record as follows:
 - a. If completed before the mid-term withdrawal date (see the Academic Calendar for specific date), a grade of W will be assigned for each course. No credit is earned, and the grade point average is not affected.
 - b. If completed after the mid-term withdrawal date, a grade of WP or WF will be assigned for each course according to the instructor's evaluation of the student's performance to that point. WF's are treated as credits attempted, and grade point average is affected.
7. Withdrawal affects all courses in a term of enrollment. To drop a single course, including a special format course beginning later in a semester, a graduate student would follow the drop policy, gaining approval from the graduate office and the Dean. Students receiving financial aid must consult with the Office of Financial Aid before completing a drop. There may be financial consequences for failure to maintain at least half-time enrollment, except for post-baccalaureate students for whom the minimal academic load is at least six credits (five credits for M.A., M.S., M.Ed., Ed.S., and six credits for post-baccalaureate (post-bacc) students).

APPLICATION FOR GRADUATION

Degree candidates must file an application for graduation, with a \$125.00 fee, by the graduation application deadline of the term in which they expect to graduate. Graduation application deadlines are listed in the Academic Calendar, and after the graduation application deadline, graduation fees are doubled. Students should file the form in the Office of the Registrar. Attendance at Commencement is expected. A graduation application is REQUIRED before a degree will be awarded.

COURSE ENROLLMENT

Only students admitted into a graduate business program are permitted to enroll in advanced level coursework. The following general policy will be applied by all directors of graduate business programs in determining the eligibility of a Stetson undergraduate business student to enroll in advanced level courses:

- Generally, in order for a student to enroll in an advanced level business course, that student will be enrolled in a Stetson graduate business degree program. [Note: completion of certain established prerequisites may be required for enrollment in a particular graduate course. Further, a director of a graduate business program may choose to deny enrollment in a graduate course that is unique to his/her program to students not enrolled in that degree program.]
- Students currently enrolled in the Stetson bachelor of business administration degree program may be permitted to enroll in an advanced level business course subject to the following requirements:
 - The student has been granted conditional admission to a Stetson graduate business degree program.
 - The student has completed the necessary prerequisite(s) for the graduate course(s) in which he or she intends to enroll.
 - The student is enrolled in his or her final semester of coursework for the bachelor of business administration degree program, needs two course units or less of undergraduate coursework to complete the degree program, is enrolled in all of the undergraduate courses needed to graduate, and intends to graduate at the end of that semester.
 - The student's overall Stetson undergraduate grade point average is 3.2 or above. For students with conditional admission to the M.Acc. program, the student's Stetson accounting (e.g., major) grade point average is also 3.2 or above.
 - The student has presented a GMAT score of 520 or above.
 - A petition to enroll in graduate courses prior to completing a bachelor degree program must be submitted to the appropriate graduate business program director prior to commencement of the semester in which the student intends to enroll.
 - The petition must be accompanied by a written recommendation from a faculty member teaching in the student's undergraduate major that specifically addresses the student's ability

to successfully complete graduate work while simultaneously completing the undergraduate degree.

- A student with 1.5 course units (6 credit hours) or less remaining to complete the undergraduate degree program will be permitted to enroll in a maximum of six credit hours of graduate level courses. A student with two course units (8 credit hours) remaining to complete the undergraduate degree program will be permitted to enroll in a maximum of three credit hours of graduate-level courses.
- Graduate hours earned (with a grade of C or better) under this policy will be transferrable into the selected graduate program upon final acceptance.
- This exception may only be applied once.

DEGREE PROGRAMS

MASTER OF BUSINESS ADMINISTRATION

The M.B.A. program is designed to provide the range of knowledge and practical skills needed by the professional manager. The program is ideal for those already in management positions who wish to enhance their career opportunities. It is equally valuable for those in non-management positions who wish to prepare themselves for a career shift into management. The program has successfully served both the new graduate and the person returning to academic work from a career. The course of study is specifically designed to accommodate the non-business as well as the business-degree holder.

The M.B.A. Curriculum

The M.B.A. program is designed to provide graduates with broad competence in administration and managerial decision-making. The full time student without prior academic work in business subjects should be able to complete the degree program in approximately two calendar years. A full time student with an undergraduate degree in a business field could possibly complete the program in one calendar year. Most M.B.A. students' programs of study require four semesters (including one summer semester) to complete the degree requirements.

The course of study is divided into two broad areas—The Business Foundation and The Advanced Level Courses.

THE BUSINESS FOUNDATION (6 COURSES)

ECON 103 Essentials of Economics*
 STAT 301 Business Statistics
 ATG 211 Introduction to Financial Accounting**
 MGT 305 Human Relations, Leadership & Teamwork
 MKT 315 The Marketplace & Consumers
 FIN 311 Business Finance

*Students wanting a stronger background in Economics may take ECON 112 and ECON 102Q

** Students wanting a stronger background in Accounting may take ATG 211 and ATG 212

Students will be expected to demonstrate proficiency in the use of quantitative skills and may be required to complete additional requirements.

The coursework required in the Business Foundation is constructed to provide students with the basic concepts and techniques needed in the Advanced Level Courses. Thus, the Foundation work should be completed before Advanced Level work is attempted. Students who have completed prior academic coursework in business may find that some of the Foundation requirements can be satisfied by transfer credit.

M.B.A. Term Dates

The M.B.A. Advanced Level classes are offered during non-traditional terms. See the M.B.A. term dates in the Academic Calendar at the end of this *Bulletin*.

M.B.A. Internships

An internship is an on-the-job learning experience intended to supplement the M.B.A. curriculum. Internships provide opportunities to strengthen interpersonal skills, use research design and methodology, organize and implement projects, and gain greater understanding of organizational realities. Employers benefit from the new problem-solving techniques and approaches brought by students. Students have the opportunity to test their interest in prospective employers.

To be eligible to register, both the student’s internship proposal and an information meeting with the Graduate director must demonstrate that the application and leverage of graduate level content will occur in depth. One, two or three credits may be approved. Approval to register conveys that the student’s internship is credit-eligible. Actual credit is awarded based on fulfillment of all course requirements. The course will be titled BN 586-Internship Special Topics. Please contact the Office of Graduate Business Programs for internship procedures at (386) 822-7410.

The J.D./M.B.A. Curriculum

Students completing the J.D./M.B.A. program receive both an M.B.A. degree from the Stetson University School of Business Administration and a J.D. degree from the Stetson University College of Law. Holders of these degrees can use the J.D. to provide legal context for their managerial activities and the M.B.A. to sharpen their administrative and managerial decision-making skills; in fact, many CEOs and upper level managers possess law degrees. In this program, the M.B.A. accepts 12 credit hours from a list of directed electives in the law program and the College of Law accepts 12 credit hours from the M.B.A. program of study. The net benefit is a 24 credit hour reduction when compared to pursuing the two degrees independently.

EXECUTIVE MASTER OF BUSINESS ADMINISTRATION

The Executive Master of Business Administration (E.M.B.A.) program is designed specifically for the executive, entrepreneur, or fast-track manager who, having advanced to a certain stage in his/her career, recognizes the importance of continuous learning for senior managerial success. It emphasizes study team concepts, learning intensives, cases, and projects. The typical class structure utilizes the “cohort” concept wherein the collective knowledge and experience of the group is utilized to enhance the learning process and to stress the relevance of the material. Admission is a function of managerial background and experience.

MASTER OF ACCOUNTANCY

The Master of Accountancy is designed to provide the range of knowledge and practical skills needed by the professional accountant. The program is also designed to meet the academic requirements for eligibility for the Florida CPA Examination. The M.Acc. Program is offered on the DeLand campus and on the internet.

Since the Master of Accountancy requires an undergraduate degree and coursework equivalent to a major in accounting, candidates will normally have completed, as undergraduates, the equivalent of the M.B.A. Foundation courses. If the student’s undergraduate record indicates any deficiency in the Foundation areas or in accounting preparation, the Graduate Committee may require additional Foundation or Accounting coursework before the Advanced Level courses are attempted.
