If you have questions, please contact Leila Roach at lroach@stetson.edu
For More Information, contact Leila Roach lroach@stetson.edu

Study Information and Resources

- Please refer to your Student Handbook for more information about the CPCE.
- We now have a book required for Practicum that will help you prepare:
- Donna has pamphlets on her desk regarding the exam and a study guide.
- There are no specific study materials for the CPCE since it is very similar to the National Counselor Exam (NCE). If you want to go to the NBCC website at www.nbcc.org you can click on for Counselors and then Prepare for your state licensure exam. Click on Exams from the top menu bar, then NCE on the left menu. You will see options for sample questions and study guides.
- Students have reported that the flash cards work really well for review
- Other excellent study resources:
  - Study Guide for the National Counselor Examination by Andrew A Helwig. Website http://www.counselor-exam-prep.com for this and other resources.
  - Linton Hutchinson’s website www.counselingexam.com has study materials; please check out other information from Dr. Hutchinson's website regarding the state licensure exams for Mental Health and Marriage & Family Therapy.

Note: The NCE is not the state licensure exam for Florida. However, many of our students choose to take it to become National Certified Counselors upon graduation. Please refer to the Student Handbook for more information on National Counselor Certification. If you decide to take the NCE, you can use many of the study materials above to prepare for this exam also.
