

MEDIA ADVISORY

Ribbon-cutting for the Cici & Hyatt Brown Hall for Health & Innovation

WHEN: Friday, Oct. 28, 2022
2 p.m. EDT

WHERE: Stetson University
DeLand campus
421 N. Woodland Blvd.
DeLand, FL 32723

WHAT: Join us for the ribbon-cutting and dedication of the Cici & Hyatt Brown Hall for Health & Innovation. This new building connects to Sage Hall Science Center through glass walkways and creates a 120,000-square-foot science complex, allowing Stetson to continue expanding its health and science programs, given the strong student demand and career outlooks.

Speakers will include University Trustees and supporters Cici and Hyatt Brown, who donated \$18 million for the building, Stetson University President Christopher F. Roellke, PhD, administrators, faculty members and students.

Afterward, tours will be available. The media also will have an opportunity to interview the Dean of the College of Arts and Sciences, faculty members in Health Sciences, Public Health, Environmental Science and Studies and Counselor Education, and students majoring in these programs.
