Office - ENSS	15,000
Phlebotomy Area	15,000
Study Bar at The Connector	10,000

The construction of the Cici and Hyatt Brown Hall for Health and Innovation, as well as the renovation of the Sage Hall Science Center, elevates the work of our programs in Environmental Science and Studies, Sustainable Food Systems, Public Health, Counselor Education and Health Sciences, and our Center for Optimal Health Across the Lifespan, at Stetson and in our West Volusia communities.
