## Residential Living & Learning Housing Agreement

2026-2027

### Addendum A: Meal Plan Requirement Update (Effective 03/01/2026)

Residential Living & Learning Housing Agreement

Fall 2026 / Spring 2027

#### Meal Plan Requirement Addendum

*This addendum is issued by Residential Living & Learning to clarify and update meal plan requirements for the **Residential Living & Learning Housing Agreement – Fall 2026 / Spring 2027**. This addendum applies to all students with an active Housing Agreement for this academic year. All other terms and conditions of the Housing Agreement remain unchanged.*

Effective immediately, the following language supersedes Sections **1.4 and 1.5** of the Housing Agreement where applicable.

#### 1.4.1 Meal Plan Requirement

All undergraduate students living in residence halls are required to participate in the University meal plan program each semester, subject to published University meal plan requirements and options. Students will be automatically assigned a meal plan based on their class standing.

**1.4.2 Requirement Exemption:** Students residing in University apartments, University-owned chapter houses, or students who have received an approved residency exemption to live off campus are eligible to opt out from the meal plan requirement.

**1.5.1 Meal Plan Change Period:** Students may upgrade their meal plan at any time. Requests to change or opt out a meal plan, subject to the student's applicable meal plan requirement, must be completed during the Meal Plan Change Period prior to the published Add/Drop deadline for the applicable semester. It is the student's responsibility to notify Hatter1 Card Services of the request to change or opt out from the meal plan program by the end of the Meal Plan Change Period, unless withdrawing from the University.

**1.5.2 Meal Plan Automatic Continuation (Fall to Spring) and Renewal:** Meal plan selections made for the Fall semester will automatically continue for the subsequent Spring semester of the same academic year, unless the student elects to upgrade or otherwise modify the plan during the published Meal Plan Change Period. All meal plan selections terminate at the conclusion of the Spring semester and must be renewed annually for the following academic year.

**1.5.3 Meal Plan Out Process:** Students eligible to opt out of the meal plan program must complete the meal plan opt-out process prior to the published Add/Drop date listed on the University academic calendar for the applicable term. Students who do not opt out before the Add/Drop deadline will be responsible for all related meal plan charges for the applicable term.

Where the terms of this addendum conflict with the language in the original Housing Agreement, the terms of this addendum will govern.
