

STETSON UNIVERSITY

POSITION: Visiting Assistant Professor of Mathematics

Stetson University seeks two Visiting Assistant Professors of Mathematics. These are full-time, non-tenure track 9-month positions beginning in August 2026, with potential for renewal.

QUALIFICATIONS:

A Master's or PhD in Mathematics, by August 2026, with demonstrated potential in teaching excellence at the undergraduate level is required. Candidates should have a strong commitment to innovative teaching, a creative approach to pedagogical design and implementation, and a strong commitment to all aspects of diversity in our learning-centered community.

RESPONSIBILITIES:

The annual load is equivalent to four courses in the Fall and four courses in the Spring semester. The successful candidate will have the option for one of these courses to be an approved student-centered immersive experience (equivalent to one course) as part of the University's experiential, contemporary, and integrative learning initiative - Hatter Ready. Primary teaching responsibilities include introductory statistics, introductory mathematics for non-majors, and/or other courses in the candidate's area of specialization. Specialized courses may include new or existing upper-division mathematics courses and/or General Education courses. We are particularly interested in faculty who can contribute to our new program in Data Science. For more information on our expectations in teaching and our support for faculty development, please see the Office of the Provost and Academic Affairs website: www.stetson.edu/provost.

THE DEPARTMENT:

The Department of Mathematics and Computer Science at Stetson University consists of an eclectic group of eleven full-time faculty members with areas of expertise across a broad and diverse spectrum of applied mathematics, pure mathematics and computer science. We emphasize small classes as well as investigative research in and out of the classroom. Our diverse and energetic faculty members are highly engaged teacher-scholars offering Stetson students a unique and vibrant experience in their mathematics/computer science education. There is a good sense of community, collegiality, and inclusiveness amongst faculty members in the department.

THE COLLEGE OF ARTS AND SCIENCES:

Stetson's College of Arts and Sciences (<https://www.stetson.edu/artsci/>) is the largest and most diverse of the University's colleges and schools; it includes the humanities, social sciences, natural sciences, education, and creative arts. With nineteen academic departments and nine interdisciplinary programs, the College is the liberal arts core of the University. A great strength of the College is its faculty of approximately 140 full-time teacher-scholars. The College offers

31 undergraduate majors and 34 undergraduate minors; seven graduate degrees are offered in Education, Counselor Education, and Creative Writing. Every undergraduate major requires a senior research project, allowing students the opportunity to design and carry out independent research under faculty mentorship. Our academic programs are shaped by the values of social justice and civic responsibility. All of our courses and programs of study promote engaged learning, whereby students create connections between the classroom or lab and the local, regional, and global community. The academic programs of the College of Arts and Sciences prepare students to live significant lives, to interact with and positively affect the world around them.

THE UNIVERSITY:

Founded in 1883, Stetson University (<http://www.stetson.edu>) is a private, selective university comprised of a rich array of liberal arts and professional academic programs. Collectively, Stetson's faculty works with nearly 3,800 students in undergraduate, graduate, and professional programs. The University's historic main campus, located in DeLand, enrolls approximately 2,400 students in undergraduate programs in the College of Arts and Sciences, the School of Business Administration, and the School of Music. Stetson University College of Law, Florida's first law school, moved from the main campus to Gulfport in 1945, and, with the addition of the Tampa Law Center, serves approximately 1,000 students working full-time or part-time toward J.D. or LL.M. degrees. Graduate programs based at the main campus in DeLand include Business, Accounting, Education, Counseling, and Creative Writing, with Educational Leadership cohorts also offered at the Gulfport campus. Florida's oldest private institution of higher learning, Stetson has regularly been ranked among the best regional universities in the Southeast and was the first private college in Florida to be granted a chapter of Phi Beta Kappa. Stetson University provides an inspiring education that engages students with rigorous academic and creative study grounded in liberal learning and promotes civic values of personal and social responsibility. Working closely with faculty and with one another, students cultivate abilities to explore issues deeply, think critically, reason empirically, speak persuasively, and connect ideas creatively. Firmly committed to inclusive excellence, our vibrant community of teacher-scholars nurtures the potential of individual students to lead lives of significance and prepares each to meet the challenges of shaping the future—locally, nationally, and globally.

THE COMMUNITY:

DeLand is a picturesque residential community of 38,000 located 20 miles west of Daytona Beach and 35 miles northeast of Orlando. The area offers extensive cultural as well as recreational activities.

SALARY: Salary is competitive.

STARTING DATE: August 10, 2026

APPLICATION:

Applicants must send the following materials for consideration: 1) a cover letter that includes the candidate's philosophy of teaching and mentoring of undergraduate students, 2) a curriculum vitae, and 3) a list of 3 references. Candidates are encouraged to highlight skills and experiences that demonstrate a commitment to promoting inclusive academic environments and engaging across differences.

Application materials may be submitted electronically to mathvapsearch@stetson.edu. Any questions may be directed to Dr. Michael Schroeder at mathvapsearch@stetson.edu.

Review of applications will begin immediately and continue until the position is filled, with preference given to applications received on or before February 20, 2026.

AUTHORIZATION REQUIREMENTS:

Work authorization sponsorship may be available for this position. However, sponsorship is contingent upon the non-applicability of the visa petition fees outlined in the relevant Executive Order signed September 19, 2025. Due to the recent federally-mandated increased financial expense, the university is not in a position to absorb this significantly increased cost of sponsorship for new H-1B petitions at this time. International candidates are encouraged to apply, but should be aware that eligibility for sponsorship will be evaluated in accordance with current U.S. immigration regulations and institutional policies.

Stetson University is an Equal Opportunity Employer that affirms inclusive environments and engaging across differences as a core value of academic excellence at Stetson University. We are committed to achieving equal access in education, employment, and participation through the recruitment and retention of outstanding faculty, staff, and students from a tapestry of diverse backgrounds, and to meaningful academic and intellectual transformation in curriculum, research and service. We are dedicated to actions and policies that foster a community in which individuals with various identities, cultures, backgrounds, and viewpoints work together to create opportunities for engagement through rewarding and fulfilling careers and personal experiences in an increasingly diverse society and a globalized world. We encourage qualified candidates across all backgrounds and identities to apply for employment, including members of historically underrepresented groups. Stetson University is an EEO, ADA, ADEA, and GINA employer.
