About Stetson University

Beginnings

New York entrepreneur Henry A. DeLand, who played a leading role in establishing the city of DeLand in 1876, founded the university as DeLand Academy. Thirteen students started classes in a rented building in 1883. The following year, Mr. DeLand erected a building at the corner of Woodland Boulevard and Minnesota Avenue to house classrooms and administrative offices. That building, now known as DeLand Hall, is the oldest building in Florida to be used continuously for higher education. After experiencing financial difficulties in the late 1880s, Mr. DeLand found it impossible to support the university. He turned to Philadelphia hatmaker John Batterson Stetson, who had recently built a winter home in DeLand. Mr. Stetson provided much-needed funding for the new institution, and in 1887, John B. Stetson was elected to the university's Board of Trustees. In 1889 the institution was renamed in his honor.

Degrees & Control

Stetson is an independent, private university, controlled by a Board of Trustees. Stetson is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award bachelor's and master's degrees in the College of Arts and Sciences and the School of Business Administration; bachelor's degrees in the School of Music; and Juris Doctor, Master of Jurisprudence and Master of Laws degrees in the College of Law. The DeLand, Florida, campus houses the College of Arts and Sciences, School of Music and the School of Business Administration. The College of Law is located in Gulfport, Florida, with a satellite campus in Tampa.

Mission & Values

Mission

Our mission at Stetson University is to provide an excellent education in a creative community where learning and values meet and to foster in students the qualities of mind and heart that will prepare them to reach their full potential as informed citizens of local and global communities.

At Stetson, the art of teaching is practiced through programs solidly grounded in a tradition of liberal learning that stimulates critical thinking, imaginative inquiry, creative expression, and lively intellectual debate. The art of learning is enhanced through small interactive classes, close student-faculty alliances, and collaborative approaches that provide the foundation for rewarding careers and advanced study in selective graduate and professional programs. We embrace diverse methodologies to foster effective communication, information and technological literacy, and aesthetic appreciation. We encourage the development of Informed convictions, independent judgment, and lifelong commitments to learning that are characteristic features of the enlightened citizen. In bringing together learning and values, the university encourages all of its members to demonstrate personal integrity; to develop an appreciation for the spiritual dimension of life; to embrace leadership in an increasingly complex, interdependent, and technological world; and to commit to active forms of social responsibility.

Values

Stetson values the development of the whole person committed to engaging and building lifelong connections with the larger world through Personal Growth, Intellectual Development, and Global Citizenship. To that end, the University fosters policies, practices, and modes of inquiry to support and explore these values areas.

Personal Growth

Personal Growth encompasses the understanding that no single formula defines the journey to personal success, but that passion, the drive to increase self-knowledge, and the quest for balance are important tools in this process. Intercultural competence, religious and spiritual exploration, self-awareness, and wellness are components of personal growth.

Intellectual Development

Intellectual Development is a commitment from the University and from students to achieve excellence in academics, to foster the spirit of exploration that drives an engaged and active mind, to cultivate rigorous methods of academic inquiry, to model and support absolute integrity, and to value creativity and professionalism.

Global Citizenship

Global Citizenship is an important part of Stetson's mission to prepare students to be informed, active, and engaged citizens of both local communities and the world. Global citizenship includes University and individual commitments to community engagement, diversity and inclusion, environmental responsibility, and social justice.

National Student Clearinghouse Completion Rates

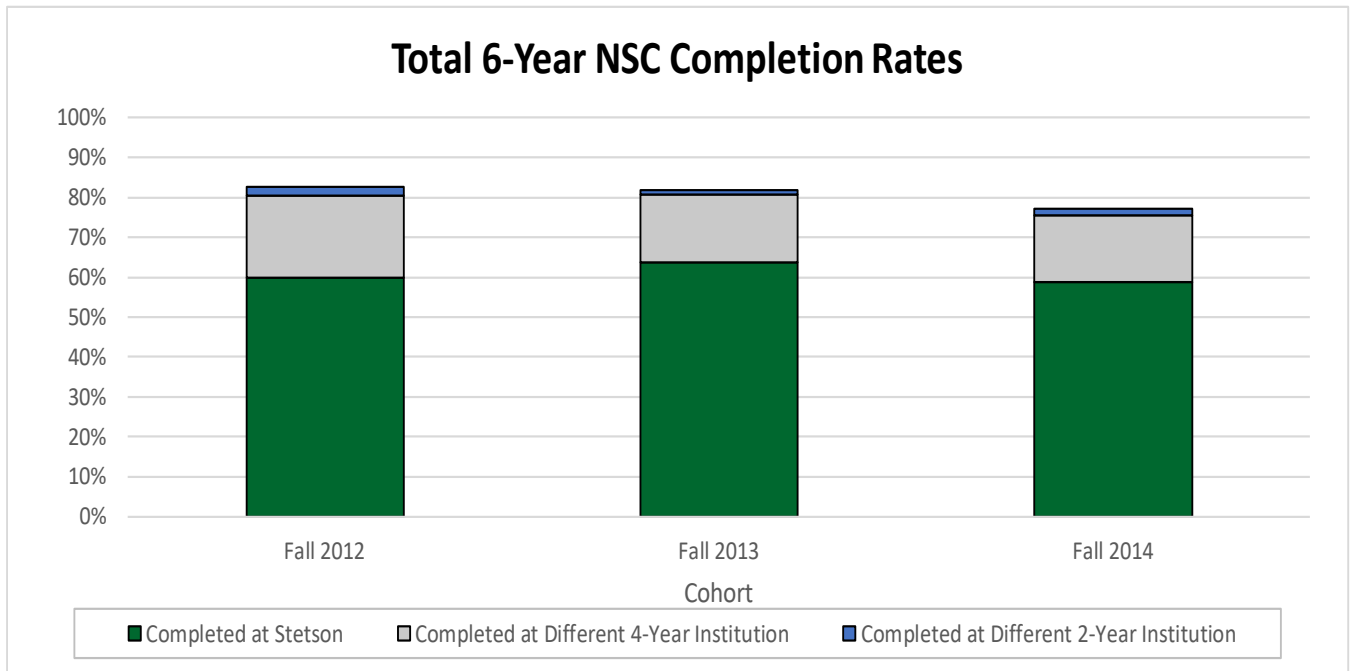

Tables below show total six-year college completion rates for [National Student Clearinghouse](#) (NSC) FTIC cohorts, through May 31st of the sixth academic year, including completion rates for students who graduated from Stetson and for those who completed their degrees at another institution. These data are based on reports from the NSC, which tracks 96 percent of college enrollments nationwide.

Important note on methodology: National Student Clearinghouse cohort definitions differ from federal cohort definitions used in typical graduation rate reporting. NSC cohorts include first-time degree-seeking students, of any age, who began their postsecondary studies in the fall term of the cohort year and exclude students who 1) have prior enrollment records, 2) were 17 years old or younger during the fall term of the cohort year (i.e., current dual enrollment students).

For more information on NSC reports and methodology, visit <https://nscresearchcenter.org/completing-college/>

6-Year NSC Completion Rates of First-time in College Students by Cohort Year

Cohort	Total Cohort	Total 6-Year Completion Rate	Completed at Stetson	Completed at Different 4-Year Institution	Completed at Different 2-Year Institution	Still Enrolled (At Any Institution)	Not Enrolled (At Any Institution)
Fall 2012	714	82.7%	59.8%	20.8%	2.1%	4.2%	13.1%
Fall 2013	722	81.9%	63.9%	16.8%	1.3%	5.4%	12.7%
Fall 2014	550	77.3%	58.7%	16.8%	1.8%	8.6%	14.2%

Total completion rate = percent of cohort graduated at Stetson + percent of cohort graduated at different 4-year or 2-year institution.

Student-Athletes: Academic Progress Rate

Academic Progress Rate (APR) holds institutions accountable for the academic progress of their student-athletes through a team-based metric that accounts for the eligibility and retention of each student-athlete for each academic term. The APR is calculated as follows: Each student-athlete receiving athletically related financial aid earns one point for staying in school and one point for being academically eligible. A team's total points are divided by points possible and then multiplied by 1,000 to equal the team's Academic Progress Rate. Teams must earn a four-year average APR of 930 to compete in championships.

* Public release of APR scores was suspended for the 2019-20 academic year due to the COVID pandemic.

★ Public Recognition Award. The NCAA annually honors teams with the earning multiyear Academic Progress Rates in the top 10 percent of all squads in each sport.

Student-Athletes: Graduation Success Rate

Graduation Success Rate (GSR) The student-athlete graduation rate calculated directly based on IPEDS-GRS (which is the methodology the U.S. Department of Education requires) is the proportion of first-year, full-time student-athletes who entered a school on athletics aid and graduated from that institution within six years. The NCAA GSR differs from the federal calculation in two important ways. First, the GSR holds colleges accountable for those student-athletes who transfer into their school. Second, the GSR does not penalize colleges whose student-athletes transfer in good academic standing.
