### Description of Site and Clients

LifeStream Behavioral Center is a community mental health center in Lake County. Our Children's Clinical Outpatient Services program provides individual, group, and family therapy in our outpatient clinics and school settings. Therapists assess each client's clinical needs and formulate individualized treatment programs to achieve collaborative therapeutic goals. In doing so, our team primarily works with children, adolescents, and families. This done in a team approach by our therapists who work with clients to optimize their mental health and quality of life. We address a myriad of behavioral and mental health concerns. We serve many children and families that have experienced trauma and have child welfare involvement. We also provide play therapy within our program.

### Description of Site and Clients

Our mission is to provide comprehensive and holistic medical, behavioral health, and social support services to the clients served. Our vision is to make medical and behavioral health services available to individuals in need, and to reduce the instances of individuals affected by HIV/AIDS. Outreach Community Care Network was established in 1985, as a non-profit 501(c)(3) organization in response to the Human Immunodeficiency Virus (HIV) epidemic. In 2020, we expanded our continuum of care services to include primary care, substance use, psychiatric, and mental health services for all persons. Located in Daytona Beach, we provide community-based services to individuals living in Volusia, Putnam, Flagler, and St. Johns counties. Our services are funded through Federal, State, and local agencies and foundations, as well as private donations.

Girls aged 11-17 with a minimum of 3 of the following risk factors: runaway, truant, expelled/suspended, ungovernable, mental health, dependent, drop out, academic underachievement, delinquent, pregnant, low self-esteem, physical/sexual/mental/substance abuse, other. At PACE Center for Girls, we have developed a nationally recognized, research-based nonresidential program model that features a balanced emphasis on academics and social services, with a focus on the future for middle and high-school aged girls and young women. The foundation of PACE is our gender-responsive culture where we provide a safe environment that celebrates girls. PACE offers services that take into account how girls learn and develop, and our supportive staff members respond to and celebrate each girl's strengths and challenges. The holistic, strength-based, and asset building PACE program model addresses the needs of girls and has garnered recognition nationally as one of the most effective programs in the country for keeping girls from entering the juvenile justice system. Note: we keep a total of up to 55 girls and are a year-round program.

### Description of Site and Clients

We are a specialized mental health provider to many children and families in Volusia & Flagler counties. We have a two-year grant through the United Way that is focused on improving family resilience and parental reflection. Along with having a site where the foundations to clinical counseling are practiced, a student intern will also learn about attachment, family resilience, reflective parenting, and infant mental health. This experience will benefit a student who would like to specialize their future work with children and their families.

This is an inpatient crisis facility that works with adults. We have both a Crisis Stabilization Unit and a Detox Unit. The average length of stay is three to five days. We take both voluntary clients and involuntary clients (under the Baker Act, Marchman Act, or Professional's Certificate). We are happy to be a secondary site for someone looking to experience both long term therapy at their primary site as well as crisis work at this site. We do both individual therapy and group therapy. This would be a good site for someone who is interested in crisis counseling and working with clients with severe and persistent mental health disorders that are in crisis.

School counselors promote and enhance achievement through a comprehensive school counseling program based on American School Counselor Association (ASCA) National Model. School counselors incorporate prevention and intervention with continuous academic, college & career, and social & emotional development activities that will prepare them for meaningful participation in a diverse, changing world. They also provide resources to students, staff, families, and others to establish a safe school climate necessary for academic and social & emotional growth.
