

THE SCHOOL OF BUSINESS ADMINISTRATION

Business programs at Stetson University began in the fall of 1897. As Florida's first business college and one of the oldest in the nation, the School of Business Administration has grown and developed over the years but has maintained a commitment to quality and the continual pursuit of excellence.

The undergraduate and graduate programs provide academic rigor and challenge our students to understand, learn and develop. The business programs build on the liberal learning base of the institution and prepare our graduates for positions of responsibility and leadership in profit-oriented, non-profit and government organizations.

The School offers an undergraduate degree with majors in Accounting, Business Administration, Business Systems and Analytics, Economics, Entrepreneurship, Family Enterprise Management, Finance, Human Resource Management, International Business, Management, Marketing, and Professional Sales. At the graduate level, the School offers the Master of Accountancy and the Master of Business Administration degrees.

A variety of special programs and activities, including the following, further enhance the learning opportunities for our students:

- Business Study Abroad Programs
- Centurion Sales Program
- Family Enterprise Center
- J.J. Master Center for Professionalism
- Joseph C. Prince Entrepreneurship Program
- Roland George Investments Program

There are many ways to gauge success. Stetson's continued high ranking in U.S. News & World Report is one measure. Another is business and accounting accreditation by AACSB International. Most important to the School of Business Administration, however, is the continued success of our students.

THE STETSON BUSINESS SCHOOL FOUNDATION, INC.

The Stetson Business School Foundation, Inc. is an independent 501(c)(3) not-for-profit corporation whose sole purpose and mission is to financially support the programs, faculty and students of the Stetson University School of Business Administration. The Foundation provides funding for business student awards and scholarships, business student participation in conferences and competitions, business faculty awards and faculty recognition events, faculty research and travel, and support for various business programs, among others. The Foundation also sponsors the annual School of Business Administration Honors Banquet. The Foundation is managed by an independent board of directors comprised of business professionals from the community and School of Business Administration, many of whom are Stetson alumni.

HONORS BANQUET

The Stetson Business School Foundation is proud to host the Honors Banquet of the School of Business Administration. This annual event provides an opportunity to recognize excellence and celebrate accomplishments. While we are proud of all of our students, we take special pride in those who have distinguished themselves academically through their scholarship and leadership at Stetson. It is a privilege to join with the faculty in recognizing these special students.
