Over-Armor This report is completely false. We love this sport and we will defend ourselves against these baseless accusations!

KickA\$\$ I wrote the Report you scum and I know it's true. And there's more to come. I bet the Feds would be interested in some of the other stuff I found. Maybe they're already onto you.

Over-Armor Over-Armor stands by its commitment to ethics in sports. We reiterate that your allegations in the Report and in your post are untrue. We demand that you withdraw them or the company will aggressively pursue all its legal options against you and CAFC.
