\* Decisions editorially summarized as nationally reported through December 2008. (Two exceptions to the December 2008 cutoff are *Marion County v. Greene* (09-687) and *Drake v. Walton County* (09-735). The respective courts in each issued revised opinions, and our efforts reflect those updates.) Our editorial summaries in this Recent Developments Section will emphasize subjects of direct interest to municipal-corporation and local-government-entity practitioners and academics. Citation style has been adapted for these purposes. For information about a case's procedure, pleadings, and other subjects, you should read the case directly.
