Junior Recital Request Form

A student preparing for a Junior Recital must receive approval from the Applied Teacher as well as to the recital readiness and the date of the performance. The twenty-five minute recital is held during Performance Class whenever possible. However, faculty with Performance Class in a location other than Elizabeth Hall, Lee Chapel, can reserve time for Junior Recitals on Wednesdays between 6:30p.m. and 8:00p.m. Student are encouraged to find appropriate alternate venues for performance, whenever possible.

The student is responsible for printing the program. The program should be presented to the teacher for proofing and approval. The student, with the teacher's approval, may choose to announce the program from the stage with brief comments in lieu of printing a program.

The students may publicize the recital in the student newspaper and with posters. The University Office of Marketing will not handle publicity for Junior Recitals. The student may arrange to have a recital recorded. However, due to the large number of recitals held in Lee Chapel, the Recording Crew will not be able to schedule recordings of Junior Recitals.
