

MASTER OF EDUCATION IN Exceptional Student Education

PROGRAM OVERVIEW »

A Masters of Education in Exceptional Education degree will enhance your understanding of the unique challenges faced by students with special needs and prepare you to address your students' academic and social/emotional needs. Upon completion, you will be certified in Restorative Practices as well as Trauma Informed Care. If needed, you will also be prepared to take the Special Education Certification examination as well to bolster your toolbox of pedagogical strategies.

Program of Study

- Fifteen-month, 30 credit program
- Summer and evening courses (Built-in breaks: Summer courses end in early July and Fall courses end in early December)
- Students may transfer in up to six credits of related coursework previously completed in any accredited master's program
- Generous scholarships available*

*Eligibility is required

FACULTY »

Our leading faculty members of the Department of Education are highly regarded among the educational community. Faculty are always willing to engage with prospective students who are interested in the program. You may request an appointment with a graduate faculty member by contacting the Office of Graduate Admissions at 386-822-7100 or gradadmissions@stetson.edu.

EXCEPTIONAL STUDENT EDUCATION ADMISSION »

Admission to a program of study requires evidence of the applicant's ability to pursue graduate study and to complete the requirements for the specific degree program. An applicant may take up to six credit hours as a post-baccalaureate student while seeking admission.

Required ESE Application Materials

- Online application
- \$50 application fee
- Earned undergraduate degree or master's degree from an accredited college or university
- Official transcripts from all colleges and universities attended
- Copy of Resume
- Three letters of recommendation

The focus of this degree is on providing educators with the tools to address the needs of students who have exceptionalities and are marginalized. We seek to prepare educators who will embrace all children and foster their growth both educationally and emotionally. Our program equips candidates to develop an action research project that stretches the individual both intellectually and pedagogically. Graduates of this program will be prepared to empower the exceptional student in the regular classroom or instruct a class of exclusively exceptional students.

- One of the following:
 - Undergraduate GPA of 3.0 or better OR,
 - Upper division GPA of 3.0 or better OR,
 - GPA of 3.0 or better in the last 60 credits in college OR,
 - 2+ credits of post-baccalaureate work at 300 level or above with a GPA of 3.0+ OR,
 - A GRE score in the 50th percentile or a MAT at or above the 50th percentile

DEADLINES »

To ensure adequate review, it is recommended that all application materials are submitted by the final application date outlined on our Admissions page. Application decisions will not be made until all application materials are received. This program runs on a cohort model and will not proceed if the requisite number of applicants has not been met.

- Scan the QR code below to access the application deadline
- Intent to enroll must be submitted within 2 weeks of acceptance

BEYOND THE CLASSROOM

Earning a master's degree can lead to additional compensation and increased employment opportunities. A master's degree in Education will establish you as an expert teacher, which will impact the lives of the children you teach. The MEd in Exceptional Student Education program at Stetson will support you to develop innovative teaching methods, as well as prepare you to enter leadership positions in education. Whether you decide to stay in the classroom or move into a leadership role, you will be prepared to make the changes needed to close the growing opportunity gap. You will be:

- Meeting the needs of struggling students in your classroom
- Redesigning curriculum based on effective scientific pedagogy
- Enhancing your professional knowledge relating to research-based educational practices
- Creating a trauma-informed classroom/school setting
- Developing a restorative classroom

We offer personalized instruction with small class sizes and a cohort model. Pursuing this degree will enhance your ability to work with children who struggle in traditional classrooms. In addition to enhancing the education of marginalized students, this master's program will open doors to opportunities such as qualifying you for district positions or supporting you in beginning your quest towards a doctoral degree in exceptional student education.
