## 2025 OPEN ENROLLMENT SUPPORT

Gain a better understanding of the benefits available to you as  
part of the Stetson community

This year our employee benefits broker, Brown & Brown, will be coming to each campus for open enrollment. They will walk you through the various benefit packages and help you choose the best plan tailored to your needs. In addition, they will provide examples of how the coverages work, examples of claims scenarios under each plan, and how to maximize your benefits. They can even help you enroll through the Portal!

If you are not currently enrolled, come learn about all the benefits you are missing; such as FREE preventive care, discounts on gym memberships, wellness incentives up to \$300 in gift cards, \$10 Teladoc visits, and more!
