Important Questions	Answers	Why This Matters:		
What is the overall <u>deductible</u> ?	For <u>in-network providers</u> : \$1,500/individual or \$4,000/family For <u>out-of-network providers</u> : \$3,000/individual or \$8,000/family	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .		
Are there services covered before you meet your <u>deductible</u> ?	Yes. In-network and out-of-network <u>preventive care</u> & immunizations, office visits, <u>prescription drugs</u> , in-network <u>urgent</u> <u>care</u> facility visits.	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at <u>https://www.healthcare.gov/coverage/preventive-care-benefits/</u> .		
Are there other <u>deductibles</u> for specific services?	No.	You don't have to meet deductibles for specific services.		
What is the <u>out-of-pocket</u> limit for this <u>plan</u> ?	For <u>in-network providers</u> : \$8,000/individual or \$16,000/family For <u>out-of-network providers</u> : \$12,000/individual or \$24,000/family Combined medical/behavioral and pharmacy <u>out-of-pocket limit</u>	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.		
What is not included in the out-of-pocket limit?	Penalties for failure to obtain <u>pre-authorization</u> for services, certain drug coupon amounts, <u>premiums</u> , <u>balance-billing</u> charges, and health care this <u>plan</u> doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.		

Important Questions	Answers	Why This Matters:
Will you pay less if you use a <u>network provider</u> ?	Yes. See <u>www.cigna.com</u> or call 1-800-Cigna24 for a list of <u>network providers</u> .	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a <u>referral</u> to see a <u>specialist</u> ?	No.	You can see the <u>specialist</u> you choose without a <u>referral</u> .

All copayment and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.
