

# Campus Dining

Lindsey Bishop '08, MBA '13  
Director of Marketing & Guest Experience

## Meal Plans

- **15 Meals** (per week) + \$175 HatterBucks (per semester)
- **Unlimited Meals** + \$50 HatterBucks (per semester)
- **19 Meals** (per week) + \$50 HatterBucks (per semester)

### Sophomore & Above

- **10 Meals** (per week) + \$175 HatterBucks (per semester)
- **115 Block of Meals** (per semester) + \$250 HatterBucks (per semester)

### Commuter Students

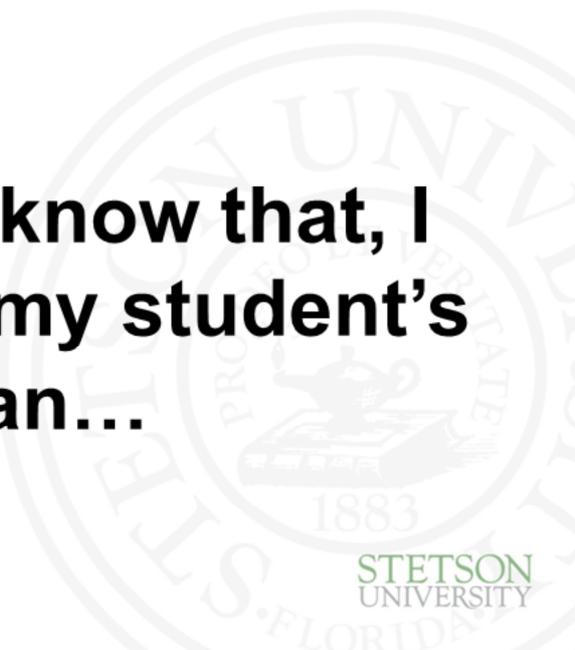

- **75 Block** + \$25 HatterBucks
- **25 Block** + \$75 HatterBucks

First-year students are automatically enrolled in the 19 Meals plan. If your student typically eats two meals a day or tends to go home on the weekend, the 15 Meals plan may be a better fit. The Unlimited Meal plan gives your student unlimited access to the Commons. We suggest this plan for students who like to eat many meals during the day.

Commuter students are not required to have a meal plan, but it may be beneficial. If your students finds themselves on campus a lot and dining with us, these smaller meal plans will help save money. Commuter students may also choose to just add HatterBucks to their HatterOne Cards.

HatterBucks are a dollar or dollar system, much like a debit card. HatterBucks can be used in any of our locations including athletic concessions. Any unused HatterBucks at the end of the Fall semester will roll over to the Spring semester. Any unused HatterBucks at the end of the Spring semester will expire. HatterBucks can be added to your students account at any time. Either call the HatterOne card office at 386-822-7782 or log on to <http://www.stetson.edu/other/hatter-one-card/get-funds.php>. Students can also download the GET Funds app on their smartphones. They are able to check how many HatterBucks or meals they have left on their account.

Meal Plans are designed for the student on the ID only. Each residential meal plan comes with two friends/family passes per semester. Students are able to purchase meals for their friends/family using HatterBucks.

**Well now that I know that, I  
need to change my student's  
meal plan...**

Students have until the Add/Drop date (August 31<sup>st</sup> for the Fall Semester) to change their meal plan. Encourage your student to feel out their schedule to figure out when and where they will dine with us, then choose the meal plan that best suits them, their schedule, and their eating habits.

To change meal plans, students should log onto their [my.stetson.edu](http://my.stetson.edu) to make the switch. Students can also call the HatterOne card office at 386.822.7782.

**I. Am. Hangry.**

UNIVERSITY

Locations to eat on campus:

Commons- All-you-care-to-eat facility. There is a full salad bar, burrito concept, home cooking area, action station, grill, pizza and pasta stations.

Coffee Shop- Is a We Proudly Serve Starbucks. We feature all of Starbucks coffee beverages along with our On-the-go food program. We have a variety of wraps, salads, sandwiches, snacks and grab and go items.

Einstein Brother's Bagels- Offers a bunch of bagel sandwiches

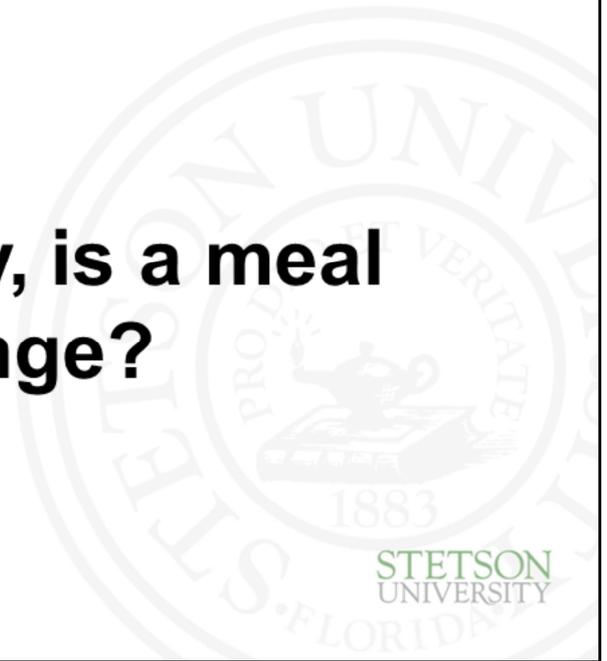

Johnny Rockets- Burgers, Chicken, Fries, and Shakes

Outtakes- On campus convenience store.

All locations accept meal plans including either meal exchanges or HatterBucks. All locations also accept cash/credit. Commuter students are welcome to eat anywhere on campus.

If you are a commuter student who wants to bring your lunch or if you are a residential student who wants to prepare something in your residential hall but still eat with your friends, there are many places for you to dine on campus. Outside food is welcome in any of our locations. Students/guests, however, must pay at the door before entering the Commons. Therefore, if you do not plan on eating in the Commons, you are unable to bring any food into the Commons. If your friend wants to eat in the Commons, they can purchase a clam shell for a one time fee of \$6 and take their food to go. The Garden Room, just off the Commons, Coffee Shop, Hat Rack, outside seating in front of the CUB are all great places to bring your lunch to eat on campus.

**What, exactly, is a meal  
exchange?**

## MEAL EXCHANGE

*We Heard You!*

## We Heard You!

### New Meal Exchange Options!

Just look for this sticker!

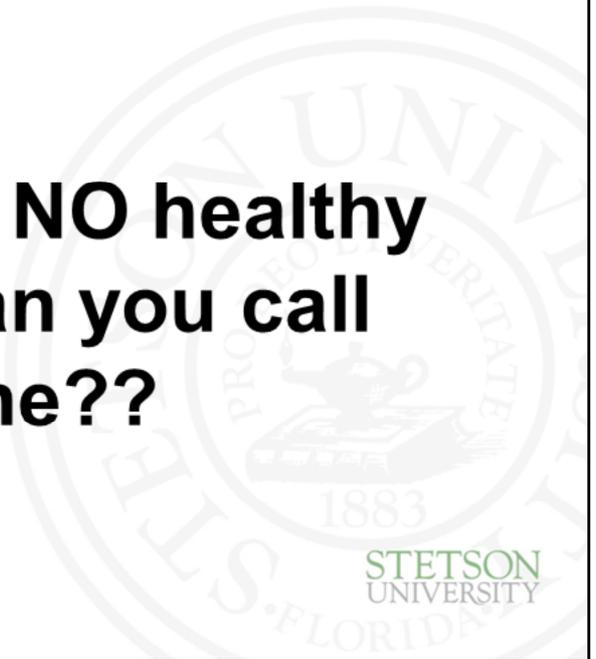

Breakfast: Meal Exchanges include a drip coffee or tea.

Lunch: Meal exchanges include chips or fruit and drip coffee or tea.

Meal exchanges vary in each location and do not include the entire menu. There are typically additional “Meal Exchange Specials” during the week or for particular days that will also be advertised.

**MOM! There is NO healthy  
food here! Can you call  
someone??**

Changing the menu is the EASIEST thing we can do. However, there are many healthy options available and it's up to your students to make the best dietary decisions for themselves.

## Dietary Needs

**Barbara Stolz, Senior Director**

STETSON  
UNIVERSITY

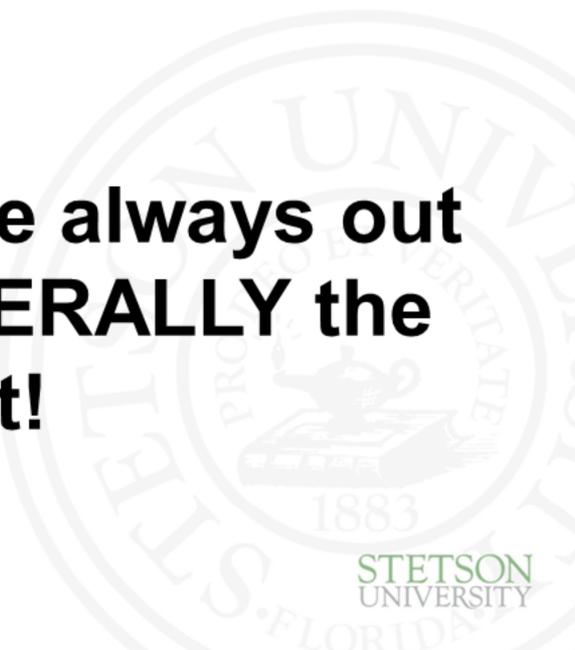

If your student has any allergens and specific dietary needs, we encourage them to open up a dialogue with our associates. There are many different options for a bunch of specialty diets that are already readily available. For many of our students it is as simple as pointing out some of these icons to easily identify foods. If your student has severe allergens, please alert our management team so we can take additional precautions. While our staff is trained to handle allergens and specialty diets, we can't read minds.

**My student needs 74 servings  
of vegetables a day, who can I  
call to make sure they are  
doing that??**

1883  
STETSON  
UNIVERSITY

We don't keep track of your students eating habits, nor are we able to tell you where they swiped their cards. There are healthy options, but there are also unhealthy options. We encourage you to discuss with your student any expectations you may have about how they utilize their meal plan.

**These people are always out  
of ketchup! LITERALLY the  
worst!**

A large, faint watermark of the Stetson University seal is visible in the background. The seal features a central figure holding a book and a torch, surrounded by the text 'STETSON UNIVERSITY' and '1883'.

STETSON  
UNIVERSITY

It's true. We'll run out of ketchup. There are rushes where no matter how many people we have, we'll miss something. Encourage your student to let us know! Although, it's easier to talk to us in person, we understand texting is this generations go-to. Using Text2Solve is a quick way to get real time answers and solutions.

Our website also contains a wealth of information. From FAQs to staff emails, many of your questions can be answered on this website.

**During the renovation, they're feeding us out of a tent...it's not like I wanted clean food anyway. It's fine...**

1883  
STETSON  
UNIVERSITY

I promise, we're not cooking out of a tent. There is a temporary kitchen which is, for lack of better words, it's a metal box. It will contain all of our normal kitchen equipment and will follow all of our required safety and sanitation standards.

The 2016-2017 academic year will look just the way it does today.  
The 2017-2018 academic year will look a little wonky but will have all the same options.  
In Fall 2018 we will open up this facility.

**Lindsey, you didn't answer  
any of my questions, who  
else can I talk to? Lua? Dr.  
Libby? Obama?**
