

The **Safer Campus Task Force** will advise university senior leadership on the operational elements needed to move Stetson University in both DeLand and Gulfport towards on-campus at Stetson.

**Guiding Principles** (shared with the Finance group):

We place the health and safety of our community first, with special consideration of the most vulnerable among us.

We prize integrity, equity and transparency in our deliberations.

We emphasize our historic and continuing commitment to learning excellence.

We believe in informing decision-making through the best available data as well as informed opinion.

We will consider Stetson's short terms issues as well as its longer-term health and vitality, and the unique qualities of each of our divisions.

Our commitment to these principles focuses our work and outcomes.
