<p>Off-Campus Educational Programs</p>	<p>For Fall 2020, in all cases where it is possible, experiential learning activities (e.g., internships, externships, field experiences, practicums, clinicals) should either be completed virtually or take place on campus. Special consideration will be given to students enrolled in off-campus educational programs needed to fulfill major, minor, graduation, and/or licensure requirements. For these situations, students will be allowed to participate in an off-campus program if the learning objectives of the program cannot be met through alternative means and the program cannot be postponed to a future semester.</p> <p>Field trips shall be eliminated or reduced during the Fall 2020 semester. All field trips require dean approval.</p>	<p>For Fall 2020, in all cases where it is possible, experiential learning activities (e.g., internships, externships, field experiences, practicums, clinicals) should either be completed virtually or take place on campus.
