

Gender-based Misconduct, Sexual Assault, and Intimate Partner Violence Policy

2021-2022

STETSON UNIVERSITY

Office of Title IX

V. Gender-Based Misconduct, Sexual Assault, and Intimate Partner Violence

Stetson University seeks to provide all members of the community with a safe and secure learning and work environment that is free of crime and/or policy violations motivated by discrimination, sexual and bias-related harassment, and other violations of rights. The University supports a zero-tolerance policy against gender-based misconduct, sexual assault, and interpersonal violence toward any member or guest of the Stetson University community. Any individual who has been the victim of an act of violence or intimidation is urged to make an official report. A report of an act of violence or intimidation will be dealt with promptly. Confidentiality will be maintained to the greatest extent possible within the constraints of the law.

Stetson University has procedures in place regarding the receipt, investigation, and resolution of complaints of sex or gender-based discrimination. The University will initiate a prompt, thorough, and impartial investigation into allegations of sex or gender-based discrimination. This investigation is designed to provide a fair and reliable determination about whether the University's Nondiscrimination, Sexual and Unlawful Harassment, and/or Gender-Based Misconduct, Sexual Assault, and Intimate Partner Violence policies have been violated. If so, the University will implement a prompt and effective remedy designed to end the discrimination, prevent its recurrence, and address its effects.

**Note: While the US Department of Education rule issued in May 2020 stated that incidents occurring in University programs outside the United States are not considered to fall under Title IX of the Education Act, the University considers any incident that would be addressed with this policy if the parties were in the United States to be subject to the specifics of this policy and the University response will follow the policy and procedures delineated here.*

A. Institutional Reporting under the Jeanne Clery Act

Originally known as the Campus Security Act, the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092(f)) is the landmark federal law that requires colleges and universities across the United States to disclose information about crime on and around their campuses. The law is tied to an institution's participation in federal student financial aid programs and it applies to most institutions of higher education both public and private. The Clery Act is enforced by the United States Department of Education.

In accordance with the Jeanne Clery Act, the University will publish an annual data report every October regarding campus crime statistics and including policy and procedures, a summary of victim's rights, and an overview of educational training conducted on campus.

B. Scope Expanded under the Jeanne Clery Act

Clery was amended by the Campus Sexual Violence Elimination (SaVE) Act in 2013. SaVE was signed into law as part of the Violence Against Women Act (VAWA) Reauthorization and in part, broadens Clery requirements to mandate fuller reporting of sexual violence or sexual assault to include incidents of domestic violence, dating violence, and stalking.

C. Sexual Assault, Domestic Violence, Dating Violence, and Stalking

Sexual assault, Domestic Violence, Dating Violence, and Stalking (previously referred to as Intimate Partner Violence or IPV(collectively herein, "acts of violence or intimidation")) are unacceptable and will not be tolerated. Any individual who has been the victim of an act of violence or intimidation is urged to make an official report. A report of an act of violence or intimidation will be dealt with promptly. Confidentiality will be maintained to the greatest extent reasonably possible and in accordance with state and federal laws.

All campuses of Stetson University are committed to providing information regarding on- and off-campus services and resources to victims of acts of violence or intimidation.

D. Jurisdiction

This policy applies to any allegations of discrimination on the basis of sex or gender (including perceived sex or gender), including all forms of sexual harassment, sexual violence, and acts of violence or intimidation committed by students, University employees, or third parties. Students are those registered or enrolled for credit- or non-credit bearing coursework (“students”); University employees are those employees who are full-time and part-time faculty and staff, including temps (“employees”); and third parties are those who are contractors, vendors, visitors, guests or others (“third parties”). This policy applies to acts of sex or gender-based discrimination and violence committed by or against students, employees, and third parties whenever the misconduct occurs:

1. on University owned or controlled property; or
2. off University owned or controlled property, when
 - a) the conduct occurred in connection with a University program or activity, including University-sponsored study abroad, research, online, or internship programs; or
 - b) the conduct occurred outside of the context of a University program or activity, but may have the effect of interfering with, denying, or limiting an individual’s ability to participate in or benefit from the University’s education or work programs or activities.

Individuals who violate this policy may be accountable to both civil and/or criminal authorities, in addition to the University, for acts which constitute violations of law and University Policies and Procedures. Disciplinary action at the University will normally proceed concurrently with these civil and/or criminal proceedings and will not be subject to challenge on the grounds that civil or criminal charges involving the same incident have been dismissed or reduced. In addition, the University is not required to postpone its process in order for a criminal or civil matter to be resolved, but will continue proceedings in accordance with campus policies.

*Note: When the complainant or the respondent are minors (under the age of 18) the University will follow the reporting, guidelines established by Chapter 39 of the Florida State Statutes. When the reporting party and/or respondent are minors and enrolled students, the University may also report the incident to the parents of those minor students.

E. Definitions

1. Acts of violence or intimidation: includes sexual assault, intimate partner violence, and stalking.
2. Actual knowledge: includes notice of sexual harassment or allegations of sexual harassment to the Title IX Coordinator, Deputy Coordinator, or Stetson employee with the authority to institute corrective measures.
3. Sexual Harassment: includes conduct on the basis of sex or gender (or perceived sex or gender) that satisfies one of the following-
 - a) An employee of Stetson conditions the provision of aid, benefit, or service on an individual’s participation in unwelcome sexual conduct;
 - b) Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to Stetson programs and activities; or
 - c) Sexual assault, dating violence, domestic violence, or stalking as defined below.

4. Sexual Misconduct: includes a broad range of behavior that includes, but is not limited to, sexual harassment, sexual exploitation, and sexual violence.

5. Sexual Assault: is the of an unwanted sexual act, further defined as:

a) non-consensual sexual contact: the deliberate touching a person's intimate parts (including genitalia, groin, breast, or buttocks), or clothing covering any of those area(s) or to cause a person to touch his or her own or another person's intimate parts; with any object, by a person upon another person, that is without consent, is coerced, under threat of use of force, and/or by force.

b) non-consensual sexual intercourse: any penetration (anal, oral, or vaginal) by a penis, tongue, finger, or an inanimate object, by any person upon another person, that occurs without consent, is coerced, is under threat of use of force and/or by force.

Sexual assault can occur either forcibly and/or against a person's will, or when a person is incapable of giving consent.

Under federal and state law, sexual assault includes, but is not limited to, rape, forcible sodomy, forcible oral copulation, sexual assault with an object, sexual battery, forcible fondling (e.g. unwanted touching or kissing for purposes of sexual gratification), and threat of sexual assault. See F.S. 784.011 (assault); 784.046(c) (sexual violence); 794.011 (sexual battery)

6. Sexual Violence: includes physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent. A number of different acts fall into this category, including but not limited to, acts of non-consensual sexual contact and non-consensual sexual intercourse such as rape, sexual assault, sexual battery, sexual coercion, forcible sodomy, forcible oral copulation, sexual assault with an object, forcible fondling, and threat of sexual assault. All such acts of sexual violence are forms of sexual harassment included under the protections of Title IX of the Educational Amendments of 1972.

7. Sexual Exploitation: taking non-consensual or abusive sexual advantage of another person including but not limited to:

a) causing or attempting to cause the incapacitation of another person in order to gain a sexual advantage over such other person;

b) causing the prostitution of another person;

c) recording, photographing or transmitting identifiable images of private sexual activity and/or the intimate parts (including genitalia, groin, breasts or buttocks) of another person;

d) allowing third parties to observe private sexual acts;

e) engaging in voyeurism (such as watching a person undress, shower or engage in sexual activity without the consent of the person being observed);

f) knowingly or recklessly exposing another person to a significant risk of sexually transmitted infection, including HIV without informing the other person of the infection.

8. Consent: Consent is clear, and knowing, and voluntary words or actions that give permission for specific sexual activity. Silence, in and of itself, cannot be interpreted as consent. Consent is not the lack of resistance: there is no duty to fight off a sexual aggressor or a requirement of resistance, but resistance is a clear demonstration of non-consent. Consent can be given by words or actions, as long as those words or actions create mutually

understandable permission regarding willingness to engage in (and the conditions of) sexual activity. Consent to any one form of sexual activity cannot automatically imply consent to any other forms of sexual activity. Previous relationship or prior consent cannot imply consent to future sexual acts. Consent cannot be given by a person who is incapacitated (see ii.). Consent can be withdrawn once given, as long as that withdrawal is clearly communicated, and once consent is withdrawn, sexual activity must stop.

9. Incapacitation: Incapacitation is a state where someone cannot make rational, reasonable decisions because they lack the capacity to give knowing consent (e.g., to understand the “who, what, when, where, why, or how” of their sexual interaction). Incapacitation can occur mentally, physically, from developmental disability, by alcohol or other drug use, and/or blackout. The question of what the respondent should have known is objectively based on what a reasonable person in the place of the respondent should have known about the condition of the complainant and the complainant’s capacity to give knowing consent. Incapacitation covers a person whose incapacity results from mental disability, sleep, unconsciousness, involuntary physical restraint, or from the taking of drugs unbeknownst to the complainant (e.g., rape drugs).

10. Force and Coercion: Physical violence and/or imposing on someone physically to gain sexual access. Force also includes threats, intimidation, use of weapons or threat of use of weapons, or coercion.

Coercion is unreasonable pressure for sexual activity. Coercive behavior differs from seductive behavior based on the type of pressure someone uses to get consent from another. When someone makes clear that they do not want to have sexual interaction, continued pressure or sexual contact beyond that point can be coercive.

11. Domestic and Dating Violence (formerly Intimate Partner Violence): Defined as violence or abuse between those in an intimate interaction and/or relationship to each other. This can be between married individuals or non-married individuals who have a dating relationship or other intimate relationship. This includes physical assault, psychological abuse and manipulation, forcing a partner to use one type of birth control over another or none at all despite the stated desire of one partner.

a) Florida law defines domestic violence as “any assault, aggravated assault, battery, aggravated battery, sexual assault, sexual battery, stalking, aggravated stalking, kidnapping, false imprisonment, or any criminal offense resulting in physical injury or death of one family or household member by another family or household member.” F.S. 741.28

b) Florida law defines dating violence as “violence between individuals who have or have had a continuing and significant relationship of a romantic or intimate nature.” F.S. 784.046

12. Stalking: A course of conduct directed at a specific person on the basis of actual or perceived membership in a protected class, that is unwelcome AND that would cause a reasonable person to fear for their, or others’ safety, or to suffer substantial emotional distress. A course of conduct includes a series of acts over any period of time which is repetitive and menacing; pursuit, following, harassing and/or interfering with the peace and/or safety of another. This can include cyberstalking, or other behavior or a course of conduct that causes substantial emotional distress to the person the conduct is directed at.

Stalking includes any credible threat to the victim that causes reasonable fear for the safety of the victim, the victim’s family members, or others closely associated with the victim, regardless of whether the perpetrator actually intends to go through with the threats.

Florida law defines stalking as “willfully, maliciously, and repeatedly following, harassing, or cyberstalking another person. For purposes of clarity, “harass” means to engage in a course of conduct directed at a specific

person which causes substantial emotional distress to that person and serves no legitimate purpose.” F.S. 784.048

13. Retaliation: Any adverse action taken against a person participating in a protected activity because of their participation in that protected activity. Retaliation against an individual for alleging harassment, supporting a party bringing an allegation or for assisting in providing information relevant to a claim of harassment, or members of the University community whose role includes administering any part of the Title IX process. Instances of retaliation will be treated as another possible instance of harassment or discrimination. Acts of retaliation should be reported immediately to the Title IX Coordinator and will be promptly investigated. The University is prepared to take appropriate steps to protect individuals who fear that they may be subjected to retaliation. This includes any form of retaliation against students, student organizations, staff, or faculty.

14. Complainant (formerly Reporting Party): The person or party who is the recipient of unwanted behavior that may violate University policy, alleged to be the victim of conduct that could constitute sexual harassment.

15. Respondent: The person or party responding to the complaint of unwanted behavior that may violate University policy, who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

16. Witness: A person or party who provides information, knowledge or observation of behavior between the Complainant or Respondent.

17. Advisor: A person of the complainant or respondent’s choosing who may accompany the complainant or respondent during meetings with University personnel. This person does not represent either party, may not speak on the party’s behalf, and may not participate in any other role in the process, except during the formal hearing process where the advisor is responsible for conducting the cross examination of parties and witnesses.

18. Investigator: A staff and/or faculty member within Stetson University who acts as a neutral fact-finder, who, during the course of the investigation, typically conducts interviews with the complainant, the respondent and each third-party witness, and collects evidence; Investigators receive annual training on how to conduct investigations that promote the safety of the parties involved.

19. Hearing Officer: A staff and/or faculty member within Stetson University who acts as the school official designated to manage the hearing process, determine relevance of questions, and make the final decision on responsibility. In some cases, the University may hire a professional outside the institution to serve as a Hearing Officer.

20. Appeals Officer: A staff and/or faculty member within Stetson University who acts as the school official designated to make the final decision in regard to an appeal.

21. Supportive measures: includes non-disciplinary, non-punitive individualized services offered as appropriate, reasonably available, and without fee or charge to the complainant or the respondent before or after filing of a formal complaint or where no formal complaint has been filed.

22. Formal complaint: a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting the University investigate the allegation of behavior defined by the Gender-Based Misconduct Policy.

23. Reporting party: includes a third party, not the complainant or respondent, who reports a suspected incident of misconduct. The reporting party can be a University student or employee, or someone outside the University.

24. Mandatory Reporter: An individual employee of the University who is required to report a suspected incident of misconduct.

F. Reporting Options

The University has resources in place for an employee or student who may have experienced an act of violence or intimidation. The University strongly encourages individuals to report incidents of violence or intimidation in a timely manner. Time is a critical factor for evidence collection and preservation. An act of violence or intimidation in progress of occurring on campus is to be reported immediately and directly to the Public Safety department; however, in cases of threat of life or serious injury, contacting 911 is the first action to be taken.

G. Confidentiality and Reporting of Offenses Under this Policy

All University employees (faculty, staff, administrators) are expected to report actual or suspected incidents of harassment, discrimination, intimidation and violence to appropriate officials immediately, though there are limited exceptions, referred to as Confidential Reporters. These distinctions are explained below.

1. Confidential Reporters

If a complainant would like the details of an incident to be kept confidential, the complainant may speak with:

a) On-Campus Licensed Professional Counselors and staff in Student Counseling Services (students only)

DeLand/Celebration - 386-822-8900

Gulfport/Tampa - 727-562-7575

b) On-Campus Student Health Services (DeLand)

386-822-8150

c) On-Campus Chaplains, when working within the scope of their position as a chaplain (all members of the community)

386-822-7523

d) Off-Campus Employee Assistance Program

800-272-7252

e) Well-Connect (24/7 phone counseling service)

833-848-1765

The above-listed individuals will maintain confidentiality except in extreme cases of immediacy of threat or danger or abuse of a minor. Campus counselors, chaplains and EAP are free of charge and are available for emergencies. The employees listed above will submit anonymous statistical information for Clery Act purposes unless they believe it would be harmful to their client, patient or parishioner.

It is important to understand that the making of a report to a professional or non-professional counselor or advocate and seeking to maintain confidentiality has the effect that the institution will be limited in its ability to investigate the particular incident or pursue disciplinary action against the respondent. Even so, confidential sources will assist the recipient of unwanted behavior in receiving other necessary protection and support, such as victim advocacy; academic support or accommodations; health or mental health services; and changes to living, working and/or course schedules.

An initial position of confidentiality may be changed at a later date, should a reporter decide to file a report with the University or report the incident to local law enforcement, thus enabling the incident to be fully investigated.

2. Mandatory Reporters

All university employees have a duty to report unless they fall under the “Confidential Reporters” section above. Reporting Parties may want to consider carefully whether they share personally identifiable details with non-confidential employees as those details must be shared with the Title IX Coordinator. Employees must promptly share all the details of the reports they receive. When a report is provided to a mandatory reporter, the complainant may expect the institution to take immediate and appropriate steps to investigate what happened and to resolve the matter promptly and equitably. Mandatory reporters are therefore not confidential resources for reporting an incident.

A mandatory reporter must report all relevant details about the act of violence or intimidation to support the institution in initiating its review and action. Details would include the names of the recipient of the alleged conduct (complainant), the alleged offender (respondent), and of any witnesses, in addition to any and all other relevant facts, including the date, time, and specific location of the alleged incident, if they are known to the complainant.

To the extent possible, information reported to a mandatory reporter will be shared only with the individuals responsible for handling the institution’s response to the report. A mandatory reporter may not share information with law enforcement without the complainant’s consent or unless the complainant has reported the incident to law enforcement.

In the event of being approached with an information report, mandatory reporters are to promptly advise the reporting individual of their role as a mandatory reporter, that confidentiality may not be expected and that there are reporting obligations to the Title IX Coordinator(s). Where confidentiality is desired and requested, the mandatory reporter will immediately advise the individual as to whom they may make a confidential report.

Requests made by a complainant under this policy to the Title IX Coordinator for anonymity and/or requests that no investigation follow and/or that there be no disciplinary action taken against the respondent will be honored to the greatest extent possible. The decision will be made within the framework of federal, state, and local laws and after consideration of whether there is a presence of serious overriding factors.

In cases indicating pattern, predation, threat, weapons and/or violence the University will likely be unable to honor a request for confidentiality. In cases where the complainant requests confidentiality and the circumstances allow the University to honor that request the University will offer interim support and remedies to the complainant and the community but will not otherwise pursue formal action. A complainant has the right, and can expect to have allegations taken seriously by the University when formally reported and to have those incidents investigated and properly resolved through these procedures.

Reports to mandatory reporters and/or the University may be made in person or through electronic means. Reporting options are provided below:

3. Campus Non-Confidential Reporting Options

The level of confidentiality a University employee may be able to maintain when learning of a potential violation of this policy is not universal. The University will make every effort reasonable to preserve the individual’s privacy and protect the privacy of information. However, the degree to which confidentiality can be protected depends upon the professional role of the University employee being consulted.

a) University Public Safety Department

A person who has experienced an act of violence or intimidation has the right to contact the University's Public Safety department and/or the appropriate law enforcement agency. Should a report be made to the Public Safety Department, a representative from the University will also be notified and respond to provide resources and support. This report qualifies as a formal complaint under this policy. The Public Safety department may also assist the complainant with contacting local law enforcement, if desired. The filing of a complaint under this policy is independent of any criminal investigation or proceeding, and (except that the University's investigation may be delayed temporarily while the criminal investigators are gathering evidence) the University will not wait for the conclusion of any criminal investigation or proceedings to commence its own investigation and take interim measures to protect the complainant and the University community. The contact information for the University's Public Safety department is provided below:

1) Student Incident Reporting Form

Individuals may use the Student Incident Reporting Form, found on the University's website, for reporting incidents alleging a violation of this policy. This form does not have to be used to make a complaint, report an incident, or receive assistance. Individuals may contact the Title IX Coordinator(s) directly to make a report.

2) EthicsPoint

Typically used to report incidents involving faculty or staff. The University's anonymous reporting line, EthicsPoint may be used, but due to the anonymity of the report, may limit the University's ability to fully investigate the allegations.

I. False Reports

Deliberately making false and/or malicious accusations under this policy, as opposed to allegations which, even if erroneous, are made in good faith are a serious offense and will be subject to appropriate disciplinary action.

J. Requests for Formal and Informal Resolution

The University respects and supports the protection of privacy regarding the identity of a person or persons who formally report an act of violence or intimidation. The institution provides information regarding the courses of action available, obtaining medical aid, counseling, and the initiation of investigations through both the institution and local law enforcement. The Public Safety Department will assist with contacting the appropriate law enforcement agency, if requested by the complainant. However, if the police initiate an investigation and the State Attorney files a criminal charge, privacy may not be maintained.

The Title IX Coordinator(s) must weigh formal and informal resolution requests against the institution's obligation to provide a safe, nondiscriminatory environment for all students, faculty and staff members. Once the Title IX Coordinator(s), or any mandatory reporter of the University, is on notice of an act of violence or intimidation, weighing an individual's request for privacy and whether or not to move forward with the formal resolution process, must factor in consideration of overriding laws. The same applies to requests that might be made of the administration that no investigation take place, or that discipline not be pursued. These overriding factors may include:

The increased risk that the respondent will commit additional acts of sexual or other violence, such as:

- Whether there have been other reports of acts of violence or intimidation about the same respondent;
- Whether the respondent has a history of arrests or records from prior school indicating a history of violence;
- Whether the respondent threatened further acts of violence or intimidation or other forms of violence against the complainant or others;
- Whether the act of violence or intimidation was committed by multiple perpetrators;
- Whether the act of violence or intimidation was perpetrated with a weapon;
- Whether the complainant is a minor;
- Whether the University possesses other means to obtain relevant evidence of an act of violence or intimidation in order to take action of its own accord (e.g., security cameras or personal, physical evidence);
- Whether the present report reveals a pattern of perpetration or behavior (e.g., illicit use of drugs or alcohol) at a given location or by a particular group.

The presence of one or more of these factors could lead or allow the University to investigate through the formal resolution process and, if appropriate, pursue disciplinary action. If none of these factors are present, a request for privacy and an informal resolution will most likely be maintained.

Should the University determine that it cannot maintain privacy and/or honor an inaction request, the University will inform the complainant prior to starting an investigation. A respondent alleged to have violated this policy is afforded certain rights. One of those rights includes the ability to know one's accuser. The respondent will be provided with the name of the complainant. Further, the institution will, to the extent possible, only share information with those responsible for handling the University's response. The University will take steps to protect the individual(s) from retaliation or harm. Retaliation, whether by students or employees, against anyone for either filing a report and/or cooperating in an investigation will not be tolerated.

The University will also assist both the complainant and respondent in accessing:

- available University advisors
- academic, living, and work arrangements
- counseling, health, and/or mental health services
- no-contact order or trespass from University property
- local law enforcement, if requested

The University may not require a complainant to participate in any investigation or disciplinary proceeding.

The University takes violations of this policy extremely seriously and considers it a continuing obligation to address the issue of acts of violence and intimidation. Reports of acts of violence or intimidation (including non-identifying reports) will prompt the University to consider broader remedial actions on an ongoing basis—such as adding resources for security monitoring; increasing education and prevention efforts; conducting climate assessments and surveys, and maintaining readily available and relevant policies and practices.

K. Consolidation of complaints

Stetson University consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances. Where a process involves more than one complainant or more than one respondent, references in this policy to the singular “party,” “complainant,” or “respondents” include the plural, as applicable.

K. Retaliation

Stetson University strictly prohibits retaliation by, for, or against any participant (complainant, respondent, or witness) for making a good faith report of any conduct, act or practice believed to violate this policy, or any other University policy or standard of conduct, or participating in good faith in the University’s investigation of any reported violation. Retaliatory action of any kind is conduct subject to discipline. Any person who thinks they have been the recipient of retaliation should contact the Title IX Coordinator(s) immediately. Statements intended to harm or discredit another, or efforts that meet a Community Standards violation, will be treated as retaliation.

L. Obligation to Participate and Provide Truthful Information

Students and employees are expected to cooperate in any investigation conducted under this policy. Failure of any student or employee to cooperate in an investigation under this policy may subject the student or employee to disciplinary action. The University does not require a complainant to participate in the formal process.

M. Amnesty for Complainant and Witnesses

Stetson University’s primary concern is ensuring that individuals feel comfortable reporting a violation of misconduct and crimes. As such, the University does not want to discourage reporting parties from reporting an incident because they fear that they themselves may be accused of policy violations such as underage consumption of alcohol or use of drugs at the time of the incident. A complainant, in addition to bystanders and witnesses acting in good faith, who are helping others in need and/or who are reporting a violation of this policy, will not be subject to the University’s disciplinary proceedings for minor policy violations related to the incident. The University will provide educational options rather than punishment to those who assist others in need. In addition, the use of alcohol and/or drugs by either party will not diminish the respondent’s responsibility as consent is not valid if given while an individual is incapacitated by alcohol and/or drugs.

N. Release of Documents

The investigative report, statements of one party shared with another party during the course of the process described herein, and any documents prepared by the University in investigating and resolving a complaint under this policy constitute education and/or personnel records, which are subject to federal privacy laws and may not be disclosed outside of the proceedings, except as required or authorized by law. The University does not impose restrictions on the parties’ re-disclosure of the incident, their participation in the process stated herein, or the final outcome letter. Documents will only be exchanged between the University and the student and/or personnel involved in the report. Records collected and retained by the University under this policy may be obtained by contacting the Title IX Coordinator(s).

It shall be the policy of the University that any recordings or documentation leaving the custody of the Title IX office shall include redactions of any personal or identifying information of other involved parties, including names at the expense of the requesting party.

O. Withdrawal, Graduation or Resignation While Charges Pending

When there are charges pending the University will continue its investigation regardless of the withdrawal, the end of the term or the resignation of the complainant and/or respondent. Additionally, the following will apply to:

1. Students

Responding students who are scheduled to graduate during an investigation may be restricted from participation in commencement-related events. A registration hold will be placed on academic transcripts and diplomas until such time that the investigation is complete and any appeals are resolved. If there is a finding of responsibility, the sanctions imposed begin immediately. In the event that the sanction is Suspension from the university, the student's degree will be conferred AFTER the suspension period is completed and only after any additional sanctions have been satisfied. If the sanction imposed is expulsion, the student would no longer be eligible to receive their degree or diploma.

Should an investigation be underway when a semester ends and student respondents depart the campus for the break, or when student respondents choose to withdraw and/or not participate in the formal resolution process, the University process will nonetheless proceed **within the limits allowed**. Students on break may choose to participate in the proceedings, or an in-absentia process will occur. Students found responsible for violating this policy will not be permitted to return to the University unless all sanctions have been satisfied. Respondent students will not have access to an academic transcript until the disciplinary process has been concluded and only if there is not a sanction of Suspension or Expulsion.

Additionally, the Title IX Coordinator or Deputy Title IX Coordinator will direct the University Registrar to include a notation on the academic transcript of any student who has been found responsible for a violation of this policy when the determined sanction is either Suspension or Expulsion. Such notation will reflect the following language: "Disciplinary Suspension" or "Disciplinary Expulsion." The Title IX Coordinator will direct the University Registrar to remove such notation when a student who has been found responsible met the terms of the sanctions and is in good standing pursuant to all applicable University academic and non-academic standards.

2. Employees

If an employee respondent chooses to resign with unresolved allegations or the University terminates the employee during an investigation, the records of the Title IX Coordinator and Human Resources will reflect that status, and any University responses to future inquiries regarding employment references for that individual will indicate the former employee is ineligible for rehire. The University reserves the right to take additional actions against a former employee, such as being trespassed from campus or restricted from participation in university events to ensure the safety of the University community. In either case, the complainant will be notified of the separation of the former employee from the University.

P. Applicable Procedures under this Policy

1. Standard of Evidence

The standard of evidence used for determining a violation of this policy is the preponderance of the evidence. The preponderance of the evidence is whether or not it is deemed to have been more likely than not based on the evidence that an action occurred in violation of this policy.

2. Timeframes

There is no time limit for reporting a violation of this policy. Nevertheless, students, employees, and third parties are encouraged to report allegations immediately in order to maximize the University's ability to obtain

evidence and conduct a thorough, impartial and reliable investigation. Failure to promptly report a violation of this policy may result in the loss of relevant evidence and witness testimony and may impair the University's ability to enforce this policy. However, in cases where the student respondent is not currently enrolled the University is not obligated to conduct a formal process under this policy.

A typical University response to allegations under this policy will be completed within sixty (60) days, if not sooner. Should there be a need for an extension beyond the standard sixty (60) day timeframe, the reasons for the extension will be formally documented and communicated to both parties. Extensions will only be considered and granted for good cause.

Additionally, in a formal process the complainant and respondent (and their advisors) will have ten (10) days to review the draft Investigation Report and evidence used and provide a written response for the investigators to consider before completion of the Final Investigation Report. The complainant, respondent, and their advisors will have a minimum of 10 days between receipt of the Final Investigation Report and the hearing.

3. Receipt of Report

Upon receipt of a report of an alleged violation of this policy, the Title IX Coordinator(s), and/or their designees, will:

- a. Assess the nature and circumstances of the report, including the complainant's safety and well-being and offer the University's immediate support and assistance; assess the risk to the University community
- b. Inform the complainant of the right to seek medical treatment, and explain the importance of obtaining and preserving forensic and other evidence;
- c. Inform the complainant of the right to contact local law enforcement, decline to contact law enforcement, and/or seek a protective order;
- d. Inform the complainant about University and community resources, the right to seek appropriate and available remedial and protective measures, and how to request those resources and measures;
- e. Inform the complainant of the right to seek Informal Resolution (where available) or Formal Resolution under these procedures; gain the complainant's expressed preference for pursuing Informal or Formal Resolution, or neither, and discuss with the complainant any concerns or barriers to participating in any University investigation and resolution under these procedures;
- f. Explain the University's Retaliation policy;
- g. Ascertain the ages of the complainant and respondent, if known, and, if either of the parties is a minor (under 18), contact the appropriate child protective service agency; and
- h. Communicate with the appropriate University officials to determine whether the report triggers any Clery Act obligations, including entry of the report in the daily crime log and/or issuance of a timely warning, and take steps to meet those obligations.

4. Supportive Measures

Following the receipt of the report, the Title IX Coordinator(s) and/or their designees will assess the nature and circumstances of the report and take prompt and effective action as is reasonably practicable under the circumstances to support and protect the complainant and University community. This includes providing supportive measures and remedies pending the investigation and, if applicable, the hearing. These measures

are available to the complainant and respondent. Supportive measures may assist in ensuring that a thorough and impartial investigation can take place in a timely manner.

Decisions regarding reasonable supportive measures will be implemented with the input of the complainant as long as the desired actions do not interfere with protecting the community from any immediate threat of harm. The Title IX Coordinator(s), or appropriate University personnel, may take any further protective action that they deem appropriate concerning the interaction of the parties pending the investigation and resolution including but not limited to:

- a. Imposing a campus “no-contact order” (NCO) which will prohibit all communication between the complainant(s) and/or the respondent(s), including in person, through third parties, or via electronic means; NCOs are not always mutual, can be amended, and may or may not include restrictions regarding proximity while on campus. For non-affiliated third-party respondents, a criminal trespass notice can be issued.
- b. Directing appropriate University officials to alter the respondent’s and/or complainant’s academic or work schedule, University housing arrangements, and/or University employment arrangements and to maintain this alteration for as long as necessary;
- c. Imposing emergency probation and/or suspension on an employee, student, and/or organization pending the completion of the investigation and resolution process. The University may emergency suspend a student, employee or organization pending the completion of an investigation in cases where pattern, predation, threat, weapons or violence is reported; or when the complainant is a minor child.

Emergency Removal of a Student requires specific findings

- i. Conduct a prompt individualized safety and risk analysis
- ii. Make the required findings of
 1. Immediate threat
 2. To the physical health or safety of any student or other individual
 3. Arising from the allegations of sexual harassment
- iii. Evaluate the applicability of disability laws to the removal decision
- iv. Consider appropriateness of supportive measures in lieu of an emergency removal
- v. Provide the respondent with notice and an “immediate” opportunity to challenge the emergency removal.

*** Appeals of emergency removal under this policy will follow the appeal requirements in the Code of Community Standards, requiring the appeal in writing (or via the University’s conduct system, Maxient), as stated in section 10 on page 26 of this document.*

In all cases in which an emergency suspension is imposed, the student, employee or student organization will be given the option to meet with the Title IX Coordinator or in the absence of the Title IX Coordinator, a designated Deputy Title IX Coordinator, prior to such suspension being imposed, or as soon thereafter as reasonably possible, to show cause why the suspension should not be implemented. The Title IX Coordinator or designee has sole discretion to implement or stay an interim suspension and to determine its conditions and duration.

During an emergency suspension or administrative leave, a student, student organization or employee respondent may be denied access to University housing and/or the University campus/facilities/events. As determined by the Title IX Coordinator, this restriction can include classes and/or all other University activities or privileges for which the respondent might otherwise be eligible. At the discretion of the Title IX Coordinator,

alternative coursework options may be pursued, as requested, to ensure as minimal an impact as possible on the respondent.

Violation of an emergency suspension under this policy will be grounds for immediate expulsion or termination.

The institution will notify campus personnel of the emergency suspension only on an “as needed” basis and will otherwise maintain as confidential any emergency actions or protective measures, provided confidentiality does not impair the institution’s ability to provide the emergency actions or protective measures.

Any emergency or supportive measures taken will be designed to minimize the burden on the complainant and/or respondent as much as possible. In addition to the actions provided after the receipt of a report, reporting parties will be provided written notification of their options and available resources. These options are available regardless of whether the complainant discloses the incident to the campus public safety department or to law enforcement. When a decision is reached to initiate an investigation or to take any other action under these procedures that impacts a respondent (including the imposition of interim measures), the Title IX Coordinator(s) and/or their designees will notify the respondent and provide the respondent with available resources and options.

Violation(s) of emergency measures imposed by the Title IX Coordinators’ directives and/or administrative actions may lead to additional disciplinary actions.

5. Resolution and Investigation – for all complaints involving a Stetson affiliated respondent.

For Employees, reports of violations of this policy fall outside of the jurisdiction of the University Grievance Procedures and Committees outlined in the Stetson University Personnel Policies (Section 4), Part 3: “Faculty and Staff Grievance Procedures.”

For students at the DeLand campus reports of violations of this policy fall outside the jurisdiction of the Code of Community Standards Disciplinary Adjudication Process. For students at the Gulfport Campus, reports of violations of this policy fall outside the jurisdiction of the Student Conduct Code Adjudication Process.

Regardless of the informal or formal resolution request, the complainant and respondent will be provided a written copy of this policy as well as available resources and options.

If the complainant requests not to move forward with the formal resolution process, the University will weigh the overriding factors and determine its ability to grant this request. Should the University determine that it cannot maintain anonymity and/or honor an inaction request, the University will inform the complainant prior to starting an investigation. If appropriate, the option for informal resolution of the complaint will be explored with the complainant.

A complainant may change their mind at any point in time and pursue a formal resolution process, regardless of where they are currently engaged in the informal resolution process. Some minor incidents can be resolved through informal or other interventions as long as both parties agree to participate voluntarily.

Mediation is not appropriate for any form of sexual assault, intimate partner violence, or stalking and will not be an option. Regardless of the complainant’s request for an informal or formal resolution, the University is still required to provide reasonable remedies that are deemed appropriate for the situation, including but not limited to, directing appropriate University officials to alter the respondent’s and/or complainant’s academic schedule, University housing arrangements, and/or University employment arrangements, providing targeted training or prevention programs, and/or providing or imposing other remedies tailored to the circumstances as a form of information resolution.

Once there is a determination that the formal resolution process will commence, the complaint will be sent to the investigator(s) for further investigation. The complaint will set forth the name of the complainant, respondent, and the date(s), location(s) and nature of the alleged misconduct.

Both the complainant and the respondent will receive a formal, written notice of the investigation and potential charges. This will include prohibitions against retaliation and listing of supportive measures in place, as well as how to report any additional concerns.

Both the complainant and the respondent will be provided a University Advisor who can assist with providing support during the process. The University Advisor may be present during all meetings with University officials to serve as a guide during the disciplinary process. If the University advisor is not utilized, the complainant and/or the respondent may select an alternative advisor of their choice (i.e., parent, friend, attorney, etc.). This person will act as a support person but will not represent either party. The complainant and respondent are entitled to have one Advisor present during all meetings with University officials during the investigation and resolution process, should they so choose. During a hearing, the Advisor will conduct the cross examination of witnesses and other parties.

Reports filed against Stetson University faculty, staff, or third parties for violations of this policy will follow the resolution process that corresponds to the employee or student status of the alleged individual (respondent). Should the respondent carry the status of both employee and student, the Title IX Coordinator(s) will determine the more appropriate and fitting process to invoke. For those cases that involve students or employees and the respondent is a third-party vendor or contractor, the Title IX Coordinator(s) will work with appropriate University and local officials to determine an appropriate course of action. The University will still offer all resources and available options and assure that protective measures are in place. In cases where an employee is reported for violations towards a student, the formal process must be followed.

The investigation process is outlined below:

- a. Students: All Campuses
- b. Employees: All Campuses

The formal investigation process commences with the notice of investigation being sent to both the complainant and respondent. The complaint is then forwarded to the investigator(s) designated by the appropriate Deputy Title IX Coordinator (either for students or for employees).

As quickly as feasibly possible, after receipt of a report and notice to initiate an investigation from the Deputy Title IX Coordinator, the investigator(s) will notify the parties of their interview dates.

Investigations will be conducted by investigator(s) who have received annual training on issues related to acts of sexual or gender-based misconduct, and how to conduct an investigation that protects the safety of the complainant and promotes accountability. The investigator(s) will identify all policies allegedly violated, coordinate and initiate a thorough, reliable, and impartial investigation by developing a strategic investigation plan including, interviewing the complainant and respondent, developing a credible witness list to gain information and collect evidence. Both parties have the right to suggest witnesses and provide evidence to the investigator(s) for consideration during the investigation process. Witnesses must be able to provide relevant, first-hand information regarding the incident. The appropriateness and relevancy of the witnesses and their testimony in the investigation will be determined at the investigator(s)' discretion. Under certain and appropriate circumstances, the identities of certain parties involved may be withheld from the investigative

report. ***The investigator(s) reserves the right to add to or modify the alleged policy violations at any time during the investigation process and will notify the appropriate parties of such modifications.***

The investigators will provide regular updates to the complainant and respondent(s), as appropriate;

Students and employees are expected to participate in an investigation under this policy. Failure of any student or employee to cooperate in the investigation may be subject to disciplinary action. Should the respondent choose not to participate in the investigation, the investigator(s) will proceed with the investigation and conclusions of alleged policy violation.

Upon completion of the investigation, the investigator(s) will prepare a written summary of the information collected. The investigator(s) will provide an opportunity for both parties to review the investigative report prior to the determination of findings of any policy violations. The investigative report will be made available for both the complainant and respondent to review. Replication and/or distribution of the investigative report is strictly prohibited. The parties must submit any comments or supplemental information about this summary to the investigator(s) within ten (10) business days after review of the written summary.

The investigator(s) will then prepare the final investigative report, which provides an overview of the alleged policy violations, due diligence taken, evidence considered, and findings of fact for each allegation.

The Title IX Coordinator, or designee, will review the findings, contents, conclusions and rationale of the findings in the investigation report. The Title IX Coordinator, or designee, will oversee each investigation and ensure sufficiency of evidence gathered, that the facts gathered support the findings, that the preponderance of evidence standard was applied, that best practices are followed, and that each allegation is addressed in the investigator(s)' investigative report. The Title IX Coordinator will either accept the investigator(s)' findings and recommendations, request the investigator(s) collect additional information, or amend the investigators' findings and recommendations based on the evidence collected to ensure that a preponderance of evidence was used to determine findings and that the misconduct has stopped, measures have been taken to prevent the reoccurrence of that conduct and that measures have been taken to remedy the effects of the harassment. The final report will be sent to the parties and the hearing scheduled for no less than 10 days afterward.

Hearing Process:

The live hearing to determine responsibility will be held at a time identified by the Title IX Coordinator, not less than 10 days after the parties have received the final investigation report. The complainant and respondent may have an advisor present throughout the hearing. The hearing will take place in appropriate space identified by the Title IX Coordinator. Either party can request that the hearing be conducted by streamed video with the complainant and respondent in separate rooms, while simultaneously allowing the Hearing Officers and parties to see and hear the party or the witness answering questions. If a party does not have an Advisor, the University will appoint one at no charge to the party. The Title IX Coordinator or (designee) will serve as the clerk to the hearing process and assist with bringing in witnesses, managing documents, and providing other support. The Title IX Coordinator (or designee) will not have any role in determining findings of responsibility.

1. The Hearing Officers (HO) will manage the process of the hearing, including determination of relevance of questions prior to the question being asked by either Advisor. There must be a minimum of two Officers present for the Hearing to continue. The HOs will explain any decision to exclude a question as not relevant.

2. Prior to the hearing, each party shall submit a list of questions to be asked by their advisor of the other party and any witnesses.

3. All cross-examination will be conducted directly, orally, and in real time by the party's advisor of choice and never by a party personally.
4. Advisors are restricted from any other form of participation during the hearing except consultation with the party and cross-examination.
5. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.
6. If a party or witness does not submit to cross-examination at the live hearing, the HO must not rely on any statement of that party or witness in reaching a determination regarding responsibility. The HOs cannot draw an inference about the determination regarding responsibility based solely on a party's or witness's absence from the live hearing or refusal to answer cross-examination or other questions.
7. The University will create an audio or audiovisual recording or transcript of any live hearing and make it available to the parties for inspection and review.
8. The HOs will issue a written determination regarding responsibility, which will include:
 - a) Identification of the allegations potentially constituting sexual harassment;
 - b) A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
 - c) Findings of fact supporting the determination;
 - d) Conclusions regarding the application of the University's Code of Conduct to the facts;
 - e) A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the University imposes on the respondent, and whether remedies designed to restore or preserve equal access to the University's programs or activities will be provided to the complainant; and
 - f) The University's procedures and permissible bases for the complainant and respondent to appeal.
9. The Hearing Officers will provide the written determination document to the Title IX Coordinator no more than five (5) days following the conclusion of the hearing.
10. The Title IX Coordinator will provide the written determination simultaneously to both parties.
11. The determination becomes final either on the date that the recipient provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Appropriate sanctions may include the entire range available under University policy. Appropriate sanction(s) for violation of this policy are determined by the investigator(s) upon the conclusion of their investigation and confirmed by the Title IX Coordinator. An outcome letter will be provided to both the respondent and

complainant without undue delay between notifications. The letter will include the investigation findings, sanction(s), and appeal process.

The investigators may determine at any point in the investigation that the matter does not involve violations of this policy. In the case of a student respondent the case will be forwarded to the Director of Community Standards (DeLand) or the Assistant Dean of Students (Gulfport). In the case of an employee respondent, the case will be forwarded to the Director of Human Resources at each respective campus.

6. Acceptance of Responsibility

The respondent may, at any time, choose to resolve the formal resolution process by notifying the investigators of their acceptance of responsibility for the alleged violation. The respondent will meet with a Title IX Coordinator to formally accept responsibility for the policy violation. The Title IX Coordinator will sanction the respondent based on the specific policy violation, the impact upon the complainant and the impact upon the Stetson University community. A respondent who accepts responsibility limits the right for either party to appeal the decision to one ground: the sanctions fall outside the range of sanctions Stetson University has designated for this offense and the cumulative record of the respondent. Both parties will have three (3) days to submit their request for an appeal in writing to the Title IX Coordinator.

7. Notification of Outcome

The outcome decision will be communicated to both parties in writing without undue delay between notifications. This letter will be sent within five (5) business days after the outcome has been decided, barring any exigent circumstances that may cause reasonable delays. The final outcome letter will include, the name of the respondent; the alleged violation(s) and the outcome, i.e., responsible, or not of a University policy violation; the sanction(s) imposed if any; and information regarding the appeal process. Both the complainant and respondent will be informed of the outcome.

8. Sanctions

Where there is a finding of responsibility, one or more sanctions may be imposed. Factors considered in determining sanction(s) include: the nature, severity of and circumstances surrounding the violation, an individual's disciplinary history, as well as the nature and severity of the past violation(s), previous allegations or allegations involving similar conduct; the need to bring an end to, prevent future recurrence of and remedy the effects of the harassment, discrimination and/or retaliation will be considered. Sanctions may include, but are not limited to (varies depending upon role within university):

Warning

Required Counseling

Required Training or Education

Administrative Warning: a written notice that the behavior violated University policy

Restriction of Privileges: denial of specific privileges for a definite period of time. Restrictions will be clearly defined.

Revocation of admission

Revocation of degree

Withholding diploma: withholding a student's diploma for a specified period of time and/or deny a student participation in commencement activities

Probation: an encumbrance on the student/employee's good standing at the University. A subsequent violation of University policy during the probation period may result in immediate separation from the University.

Student Suspension: termination of the student's enrollment and separation of the student from the University for a specific period of time.

Student Expulsion: termination of the student's enrollment and permanent separation of the student from the University

Transcript notation of the incident and finding

Organizational Sanctions: Deactivation, de-recognition; loss of privileges, loss of funding for a specific period of time

Employee Performance Management Process

Employee Loss of Annual Pay Increase

Employee Loss of Managerial or Supervisory Responsibility

Employment Demotion

Employee Suspension With or Without Pay

Termination of Employment

This policy prohibits a broad range of conduct. In accordance with the University's commitment to foster an environment that is safe, inclusive, and free from discrimination and harassment, this policy provides latitude in the assignment of sanctions while supporting the University's educational mission and legal obligations.

Sanctions are effective immediately unless otherwise specified.

9. Remedial Actions

Upon the receipt of a report of prohibited conduct under this policy, and/or upon the conclusion of the formal resolution process, the Title IX Coordinator may implement remedies or actions to end the harassment or discrimination, remedy its effects, and prevent its recurrence. Remedial actions may include, but are not limited to:

Referral to counseling and health services

Referral to the Employee Assistance Program

Providing educational programming to the University community

Providing a Public Safety escort on campus, when available

Assistance with academics, including scheduling and working with instructors in regard to assignments and exams

Relocation and/or housing assignment alterations

Permanently altering work arrangements for employees

Implementing no-contact orders

Climate surveys

Policy modification

Access to the Stetson Zipcar service

10. Appeals

Any party may request appeal consideration by submitting a written appeal to the Title IX Coordinator or appropriate Deputy Title IX Coordinator, within three (3) days after delivery of the written finding. When a party requests an appeal, the Title IX Coordinator will share the appeal request with the other party(ies), who may file a response within three (3) days and/or bring their own appeal on separate grounds.

The Title IX Coordinator will determine the appropriate Appeals Officer (s) for evaluating the appeal and notify both parties in writing of the appeal request. The designated Appeals Officer(s) will be individual (s) who have not been involved in the process previously. Appeals Officers include the Dean of Students (DeLand campus), the Vice President for Campus Life and Student Success (DeLand campus); the Dean of the College of Law, all Deputy Title IX Coordinators, the Executive Vice-President/ Provost, Executive Vice President/CFO and for employee respondents holding the position of Vice-President, The President or designee. All Appeals Officers may consult with University Counsel or others as deemed appropriate.

Appeal requests must fall into one of the following grounds:

New evidence exists, which was unavailable to the party submitting the appeal request at the time of the decision, and which could substantially impact the original finding or sanction. A summary of the new evidence and its potential impact must be included in the appeal request. Deliberate omission of information during an investigation by an appealing party is not sufficient grounds for appeal;

A significant procedural error or omission occurred that may have significantly impacted the outcome (e.g., substantiated bias, material deviation from established procedures, the preponderance of evidence does or does not support the findings, etc.);

The sanctions fall outside of the range of sanctions the University has designated for this offense and the cumulative record of the respondent;

Conflict of interest or bias on the part of the Title IX Coordinator, Investigators, or Hearing Officer(s), either generally or individually, as supported by evidence.

The Appeals Officer(s) will review the appeal request(s). The original finding and sanction/responsive actions will stand if the appeal is not timely or is not based on the grounds listed above, and such a decision is final. The party requesting appeal must show that the grounds for an appeal request have been met, and the other party or parties may show the grounds have not been met, or that additional grounds are met. If new grounds are raised, the original appealing party will be permitted to submit a written response to these new grounds within three (3) days. All appeal responses and appeal requests will be shared with each party.

The Appeals Officer (s) may determine an outcome based on the information provided in the appeal without further action of the parties involved. In very rare circumstances the Appeals Officer may determine the need for a meeting with involved parties; the meeting is not intended to be a full re-hearing (de novo) of the allegation

and evidence. The Appeals Officer(s) will meet with both the complainant and respondent equitably if necessary. The Appeals Officer(s) may also refer the matter back to the investigator(s) when the appeal is granted based on new evidence to consider additional information.

Appeal decisions will affirm the original decision(s) or modify the original decision and/or sanctions. The Appeals Officer's decision is the final determination of University violations. If the Appeals Officer upholds the original findings, the effective date of any sanctions imposed will be the date of the original decision letter, there will be no stay of implementation. The Title IX Coordinator will provide both the complainant and the respondent with written notice of the final outcome of the appeal within five (5) days of the outcome of the Appeals Officer(s), without significant time delay between notifications.

In cases where the investigative findings or appeal resolutions result in reinstatement to the University or a resumption of privileges, all reasonable attempts will be made to restore the respondent to their prior status, recognizing that some opportunities lost may be irreparable in the short term.

11. Statement of the Rights of the Complainant

a. The Complainant may have their University Support Person present during the investigative process. If the University Support Person is not utilized, the complainant may select an alternative advisor of their choice. This person will act as a support person or advisor but will not represent the complainant.

b. The Complainant has the right to have University policies and procedures followed without material deviation.

h. The Complainant will never be questioned directly by or be in the presence of the respondent during the investigation process.

i. The Complainant may submit a list of questions related to the alleged incident they feel the respondent should be asked during the investigation process. Questions asked are at the discretion of the investigator(s).

j. The Complainant may not have their irrelevant past conduct, including sexual history, discussed during the investigation process.

k. The Complainant has the right to know the outcome of the disciplinary process. There is no limitation on the re-disclosure of this information.

l. The Complainant has the right to a decision based solely on the evidence presented during the resolution process. Such evidence shall be credible, relevant, based in fact and without prejudice.

p. The Complainant has the right to preservation of privacy, to the extent possible and allowed by law.

12. Statement of the Rights of the Respondent

f. Respondents will have equal opportunity to present relevant witnesses and other information during the process.

g. Respondents will never be questioned directly by or be in the presence of the complainant during the investigation process.

h. Respondents may submit a list of questions related to the alleged incident they feel the complainant should be asked during the investigation process. Questions asked are at the discretion of the investigator(s).

i. Respondents have the right to a decision based solely on the evidence presented during the resolution process. Such evidence shall be credible, relevant, based in fact and without prejudice.

j. Respondents may not have their irrelevant past conduct, including sexual history, discussed during the investigative process.

k. Respondents have the right to know the outcome of the investigative process. There is no limitation on the re-disclosure of this information.

l. Respondents have the right to appeal the outcome of the investigative findings and any subsequent sanctions.

m. Respondents have the right to be treated with respect by University officials.

n. Respondents have the right to be informed of and have access to campus resources for medical, counseling and advisory services.
