To:Megan O'Neill <mboneill@stetson.edu>;

has had a private meeting after the first month of class Organize at least one out-of-class experience Engage in activities designed to create community in the classroom The FSEM instructor will build relationships with students in the FSEM course in the following way(s)::

assignments responding to arguments advanced in assigned readings, an individual analysis of an article on a topic related to the issue of privacy (3 pages), four PPT presentations graded on content, creativity, and style, and a final exam that includes a three-page typed essay.

Describe how this course serves to strengthen student written communication or what specific disciplinary writing features the course teaches::

The activities described above indicate that the course incorporates pedagogical approaches that are designed to strengthen student written communication.

Describe how revision is incorporated into writing assignments; which writing projects will require revisions; and how feedback will be provided and by whom::

Students will have 7-9 homework writing assignments, each of which will be evaluated by the instructor and returned to the student for revision and re-submission. Feedback will be provided in writing to the student.

Describe how students will be finding, evaluating, and incorporating outside source material into their written texts::

This questions has been answered above. Students will have to do extensive research on a variety of topics regarding the case analyses they prepare. They will learn how to properly incorporate this source material into their written case analyses and into their oral presentations.

Describe how much students' written work will count toward the final grade::

Various written requirements will count for 525 points out of a possible 635 points in the course (83%).
